Director

January 24, 2013

The Honorable Jeremiah W. (Jay) Nixon
The Honorable Members of the Legislature
Citizens of the State of Missouri

In accordance with generally accepted accounting principles, I submit to you the Comprehensive Annual Financial Report (CAFR) of the State of Missouri for the fiscal year ended June 30, 2012. This report was prepared by the Office of Administration, Division of Accounting, whose management is responsible for its contents.

The report is prepared to show the financial position and operating results of the State. The State's internal accounting controls provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposal and the reliability of financial records for preparing financial statements. The concept of reasonable assurance recognizes that the cost of a control should not exceed the resulting benefit. We believe the data presented is accurate in all material respects and that all disclosures necessary to enable the reader to gain a reasonable understanding of the State's financial activities have been included.

An annual audit of the basic financial statements is completed each year by the State Auditor's Office. The State Auditor conducts the audit in accordance with generally accepted government auditing standards, and his opinion has been included in this report. The State Auditor conducts a "Single Audit" of all federal funds in accordance with the Federal Single Audit Act of 1984, and the U.S. Office of Management and Budget Circular A-133, "Audit of State and Local Governments and Non-Profit Organizations."

A narrative introduction, overview, and analysis of the basic financial statements is presented in the *Management's Discussion and Analysis (MD&A)* section of this report. This letter of transmittal is intended to complement MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

PROFILE OF THE GOVERNMENT

Missouri was organized as a territory in 1812 and was the second state (after Louisiana) of the Louisiana Purchase to be admitted to the Union. Statehood was granted on August 10, 1821, making Missouri the 24th state. The State encompasses 68,945 square miles.

The State operates under three branches of government: executive, legislative, and judicial. The executive branch consists of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, and Attorney General. The legislative branch consists of 34 members of the Senate and 163 members of the House of Representatives. The judicial branch is a three-tier court system: the Supreme Court, the State's highest court, has statewide jurisdiction; a court of appeals that consists of districts established by the General Assembly; and a system of circuit courts that has original jurisdiction over all cases and matters, civil and criminal.

The State provides a range of services in the areas of agriculture, education, health and social services, transportation systems, public safety, judicial systems, economic development, conservation and natural resources, labor relations, and general administration.

The State operates on a legally adopted budget in order to ensure compliance with legal provisions embodied in the annual appropriated budget passed by the General Assembly and approved by the Governor prior to the beginning of the fiscal year. If appropriations are not sufficient for a fiscal year, supplemental amounts are requested during the next legislative session by the same process that original appropriations are requested. Budgets are established at the program level. Expenditures cannot exceed the individual appropriation amount. The Governor has the authority to reduce the allotments of appropriations in any fund if it appears that the revenue estimate will not be met. Unexpended appropriations lapse at the end of each appropriation year, unless reappropriated to the following appropriation year.

The financial reporting entity of the State includes all of the funds of the primary government as well as component units for which the State is financially accountable. The transmittal letter, MD&A, and the financial statements focus on the primary government and its activities. Although information pertaining to the component units is provided, their separately issued financial statements should be read to obtain a complete overview of their financial position.

ECONOMIC CONDITION AND OUTLOOK

State Economy

The economy in Missouri has shown slow but steady improvements during fiscal year 2012. Missouri has been putting a strong focus on promoting industries and development strategies to aid in economic growth and to foster a stronger economic climate for the future. Some of the positive signs of improvement include:

- personal income increased 4.2% in calendar year 2011.
- unemployment dropped to 7.1% in June 2012 compared to 8.7% in June 2011. This is below the national average of 8.2%.
- exports increased by 6% for the second quarter of 2012 compared to the same period in 2011.
- taxable sales increased for the first quarter of 2012 by 2%, which was the third straight quarter to show an increase compared to the same period in the previous year.

Missouri has been focusing on economic growth. Included in this focus is fostering a more advanced and skilled workforce that will be prepared for emerging sectors that require more experience in the fields of science, technology, engineering, and mathematics. The chart shows how Missouri fared in these fields as well as others in the 2010 State New Economy Index. As shown in the chart, Missouri ranked relatively high in Health IT and E-Government indicators. However, overall the state ranked 33rd. The highest ranking states are those with large numbers of high-tech firms, entrepreneurship, and workers with two-year degrees or higher.

INDICATOR	U.S. AVERAGE	MISSOURI SCORE	MISSOURI RANK OF ALL STATES	TOP RANKED STATE (SCORE)	BOTTOM RANKED STATE (SCORE)
Workforce Education	36.3	33.2	36th	Massachusetts (51.5)	West Virginia (20.3)
Fastest Growing Firms	0.0128%	0.0029%	37th	Massachusetts 0.0353%	Wyoming (0.0000%)
Industry Investment R&D	3.31%	2.28%	24th	Delaware (7.82%)	Wyoming (0.40%)
High-Tech Jobs	4.1%	3.3%	29th	Massachusetts (7.7%)	Wyoming (1.4%)
Health IT	8%	35%	6th	Massachusetts (57%)	North Dakota (3%)
E-Government	5.00	6.01	10th	Utah (7.67)	Indiana (3.03)
Entrepreneurial Activity	0.30%	0.20%	48th	Georgia (0.50%)	Pennsylvania (0.17%)
Overall Score	62.0	50.8	33rd	Massachusetts (92.6)	Mississippi (35.3)

Creating new jobs and enhancing the skills of the workforce has been Missouri's statewide focus in the past few years. Included in this effort is a new program called Missouri Works, which was launched in January 2012. The strategy is to create career opportunities in the new economy. Some of the goals of the program includes: attracting next-generation automotive suppliers to the state, expanding the number of exports, training more workers for high-tech careers, hiring more military veterans to work in the state, jumpstarting job creation in science and technology, targeting big-growth industries, and creating jobs in rural communities.

An agreement was made between Missouri State University and Brazil in which students from Brazil will come to Missouri to study science and technology while fostering opportunities for Missouri students to study in Brazil as well. The goal of the exchange is to open ties to the global marketplace and allow Missouri students to get a head start on the jobs and careers of the future.

In addition to creating jobs, there has also been a focus on attracting and retaining businesses in the state. House Bill 1661 expands the eligibility requirements of the New Jobs Deduction Bill passed in 2011. The program provides an income tax deduction for small businesses of \$10,000 for each new full-time job created or \$20,000 for each full-time job created if the business offers health insurance. Small businesses that are pass-through for income tax purposes are also eligible. This could expand participation in the program beyond the current tax year. It is possible that the expansion could reduce general revenue collections by \$4.3 million to \$8.6 million each year in fiscal years 2013 through 2015. The increased economic activity generated by this tax reduction may help offset the loss of revenue collections.

Long-Term Financial Planning

Missouri continues to focus on controlling the growth of mandatory programs though cost-effective alternatives and cost containment initiatives while improving the delivery of services though administrative efficiencies. The State is actively pursuing opportunities to consolidate functions and thrive in a period of reduced financial resources.

The State's Department of Revenue is taking advantage of newer technology to improve efficiency in tax collection and to better manage all tax processes. The department is implementing an integrated tax system that will replace all of its separate and aging tax systems. By implementing the new, integrated system, it is estimated that the State will collect additional revenues of more than \$217 million (\$144 million net to the state after payment of the contract price) total in the first five years and \$33 million each year thereafter, for five years.

In 2011 and 2012, the State experienced multiple natural disasters, including a devastating tornado in Joplin, severe storms, flooding, and droughts. In an effort to rebuild and recover from these disasters, the State has reacted by providing aid to local communities and farmers. The Missouri Disaster Recovery Jobs Program has played a major role in this process by creating jobs in the areas that the natural disasters occurred. The program also works to provide workforce development services to those participants in need of reemployment assistance following the completion of their temporary jobs of assisting with clean-up efforts.

Another focus of the State has been to ensure its employee health care services are provided in a cost effective manner. These efforts have included changes in wellness programs and smoking cessation incentives. Those that participate receive reduced premiums. The wellness program is intended to encourage subscribers to participate in wellness activities such as organized walks and meal planning. As the state workforce becomes healthier, the cost to the State to provide health insurance will go down.

In addition to improving the efficiency of government, the State is actively pursuing opportunities to capitalize on historically low interest rates. In August and September 2012, the State refunded outstanding Board of Public Buildings Bonds as well as water pollution control, and fourth state building general obligation bonds for economic savings. When finalized, the bond sale produced a combined budgetary savings of \$43.6 million in fiscal year 2013 and cash savings of \$71.1 million over the life of the bonds. The present value savings for the two refunding transactions were 14.4% and 15.3%, respectively. As refunding opportunities present themselves, the State will continue to review the potential impact to the State and will continue to review all debt outstanding to ensure that State's debt is managed efficiently.

Relevant Financial Policies

Article X, Sections 16–24 of the Constitution of Missouri (the "Tax Limitation Amendment"), imposes a limit on the amount of taxes that may be imposed by the General Assembly in any fiscal year. This limit is tied to total state revenues for fiscal year 1981, as defined in the Tax Limitation Amendment and adjusted annually based on a formula which is tied to increases in the personal income of Missouri for certain designated periods. If the revenue limit is exceeded by one percent or more in any fiscal year, the excess revenue will be refunded based on the liability reported on state income tax returns. If the excess revenue collected is less than one percent of the revenue limit, the excess revenue shall be transferred to the General Revenue Fund.

The revenue limit can be exceeded by a constitutional amendment duly adopted by the people or if the General Assembly approves by a two-thirds vote an emergency declaration by the Governor. Strong economic growth resulted in revenues above the total state revenue limit in fiscal years 1995–1999. The State has refunded to income taxpayers \$979 million in excess revenue for these fiscal years. The revenue limit was not exceeded in fiscal years 2000 through 2012, inclusive. The State is currently \$4.4 billion below the limit and does not expect the limit to be exceeded in fiscal year 2013.

Major Initiatives

As the economy is slow to recover, the State has continued to focus on reduced spending. Cost-effective alternatives and streamlining government functions will continue to be the focus on controlling the growth of mandatory programs. Operating funding priorities are focused in the areas of education and jobs.

Missouri has focused on improving the economy of the State. The primary areas of focus include increasing exports, job creation, and education in the fields of science and technology.

Education. Senate Bill 563 created the Missouri Science, Technology, Engineering, and Mathematics Initiative. The purpose of the initiative is to provide support to increase interest among elementary, secondary, and university students in the above fields and to increase the number of graduates in these fields in Missouri's public two and four-year institutions of higher education. The Department of Higher Education will provide matching funds to public institutions in support of this initiative.

Social Services. A new law went into effect during fiscal year 2012 that will require drug testing of applicants or recipients of temporary assistance for needy families (TANF) when there is reasonable cause to believe there may be illegal use of a controlled substance. If the test is positive or the individual refuses to submit to a test, their direct payments will be suspended until certain requirements are met. In addition, the legislation requires that TANF electronic benefit transfer cards include a photograph of the cardholder to provide added protection.

Economic Development. In April 2012, an agreement was signed between the State and Brazil to increase exports to Brazil, which was Missouri's 10th largest export market in 2011. Missouri set a record in exports in 2011 by selling more than \$14.1 billion in products around the world. Exports to Brazil made up nearly \$323 million of that total. The State's top exports to Brazil include chemicals, minerals and ores, transportation equipment, machinery, electrical equipment and appliances, computer and electrical products, and agricultural products. The agreement calls for identification of new opportunities to expand exports, promote economic growth, and share best practices in education, science and technology, and public safety. Another focus of the agreement is promoting educational, research, and cultural exchanges.

ACKNOWLEDGEMENTS

While the Office of Administration, Division of Accounting, is responsible for the contents of this report, no one division could do it alone. Many people were involved in the compilation of materials necessary to complete the report.

We want to issue a special thanks to all the personnel at the State agencies who provided us with information quickly and accurately so that we could issue the CAFR in a timely manner. We also owe thanks to the professionalism and dedication demonstrated by technical and management personnel within the State Auditor's Office, the State Treasurer's Office, Office of Administration, Information Technology Services Division, and the State Printing Center. We appreciate all their efforts.

Sincerely,

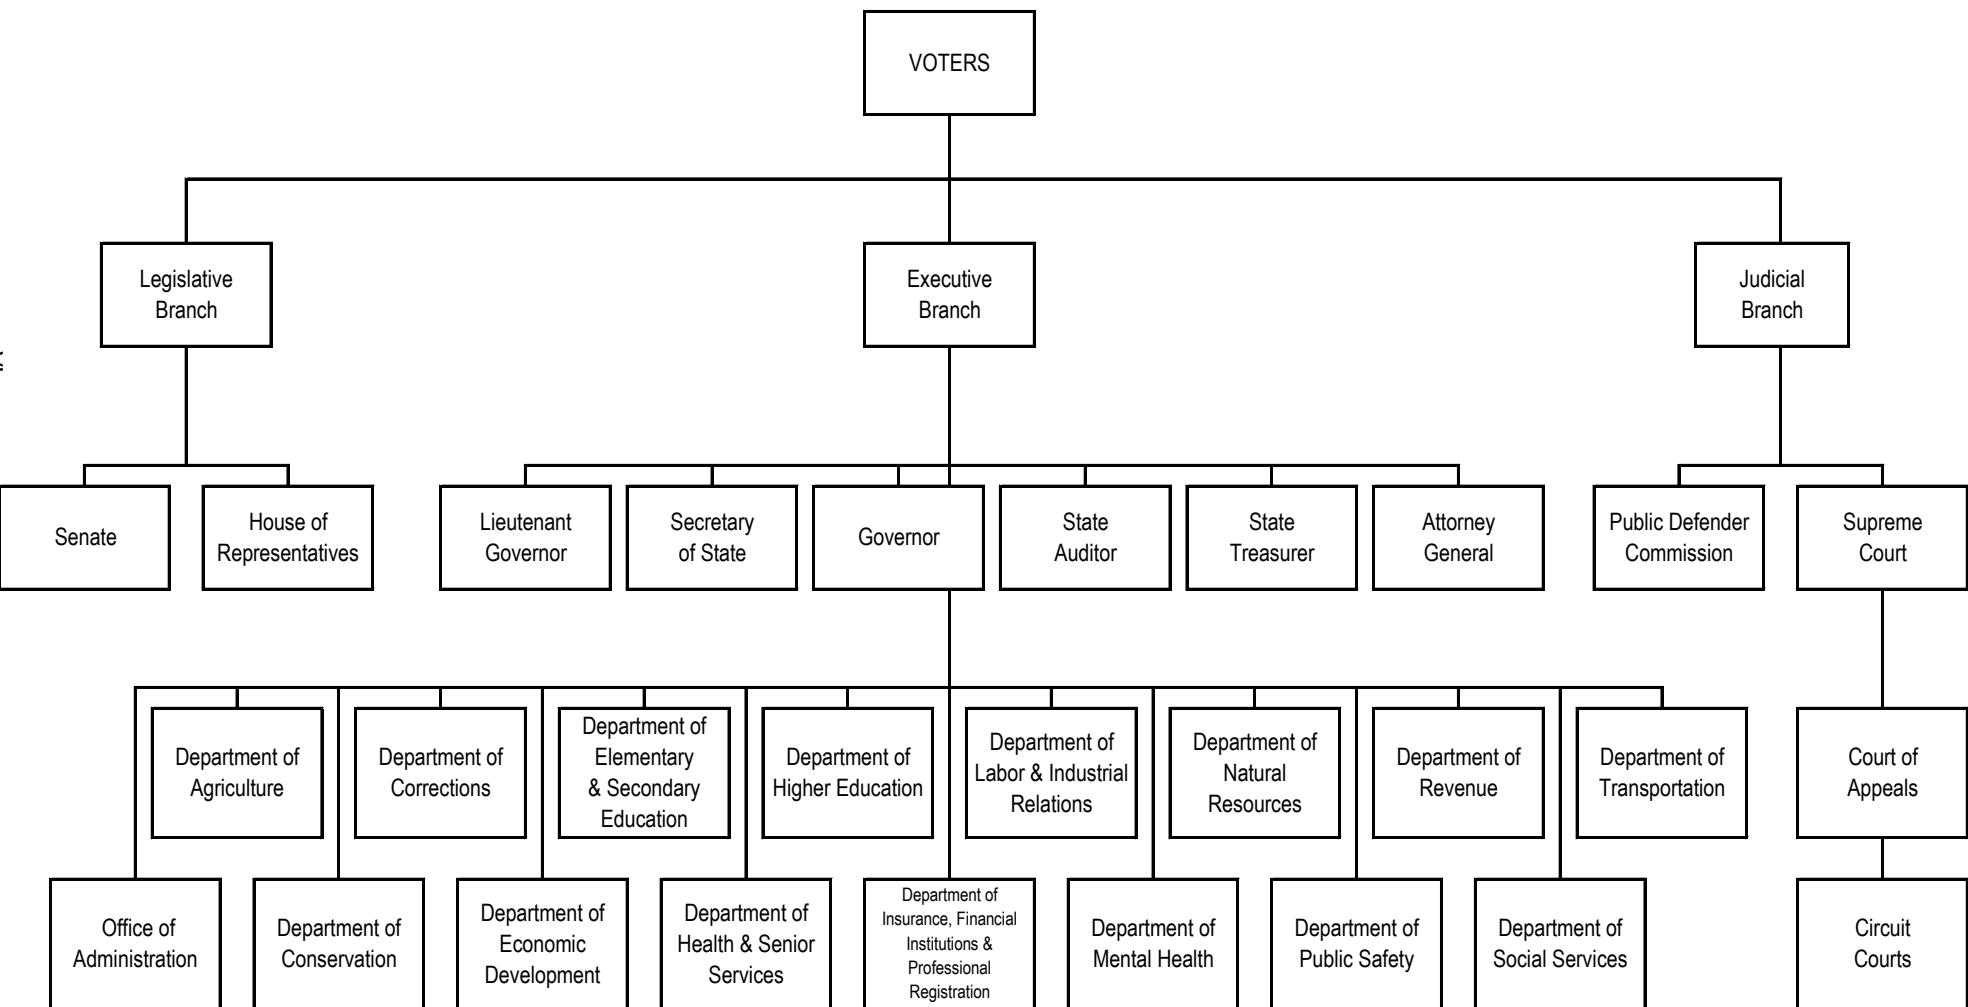

A handwritten signature in black ink that reads "Stacy Neal". The signature is fluid and cursive, with "Stacy" on the top line and "Neal" on the bottom line.

THOMAS A. SCHWEICH

Missouri State Auditor

INDEPENDENT AUDITOR'S REPORT

Honorable Jeremiah W. (Jay) Nixon, Governor
and
Members of the General Assembly

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Missouri, as of and for the year ended June 30, 2012, which collectively comprise the state's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the state's management. Our responsibility is to express opinions on these financial statements based on our audit.

We did not audit the financial statements of certain entities that comprise the state of Missouri. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based on the reports of the other auditors. Those entities were:

1. The Missouri Road Fund; the Missouri Highway 63 Transportation Corporation, a blended transportation corporation identified in Note 1A.; the Missouri Road Bond Fund; the Conservation Employees' Insurance Plan; the Transportation Self-Insurance Plan; the Missouri State Employees' Insurance Plan; the Missouri Consolidated Health Care Plan; and the Missouri Department of Transportation and Missouri State Highway Patrol Medical and Life Insurance Plan, which represent 78 percent and 12 percent of the assets and revenues, respectively, of the governmental activities.
2. The State Lottery and the Petroleum Storage Tank Insurance Fund, which represent 37 percent and 42 percent of the assets and revenues, respectively, of the business-type activities.
3. The discretely presented component units.

4. The pension (and other employee benefit) trust funds and the Missouri Department of Transportation Local Fund, which represent 94 percent and 94 percent of the assets and additions, respectively, of the fiduciary funds.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Missouri Highway 63 Transportation Corporation, a blended transportation corporation; the Conservation Employees' Insurance Plan, the Missouri State Employees' Insurance Plan and the Missouri Consolidated Health Care Plan, internal service funds; the Missouri Development Finance Board, a discretely presented component unit; and the pension (and other employee benefit) trust funds were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

We were not allowed access to tax returns and related source documents for income taxes. Access was denied based on the Director of Revenue's interpretation of the decision rendered by the Missouri Supreme Court in the case of *Director of Revenue v. State Auditor* 511 S.W.2d 779 (Mo. 1974). Approximately 24 percent of governmental activity revenues and 28 percent of General Fund revenues are from this source. We were unable to satisfy ourselves by appropriate auditing procedures as to the income tax revenue beyond the amounts recorded.

In our opinion, based on our audit and the reports of other auditors, and except for the effects of such adjustments, if any, as might have been determined to be necessary had we been allowed access to tax returns and related source documents for income taxes, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Missouri, as of June 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 2, the state of Missouri implemented Governmental Accounting Standards Board Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions—an amendment of GASB Statement No. 53*.

In accordance with *Government Auditing Standards*, our report dated January 24, 2013, on our consideration of the state of Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters is issued under separate cover in the Single Audit Report. The purpose of that report is to describe the scope of our testing of internal control over financial

reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 1-13 and the Budgetary Comparison Schedule-General Fund, Major Special Revenue Funds on pages 104-105 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the state of Missouri's basic financial statements. The supplementary information, as listed in the table of contents, and the other information, such as the introductory and statistical sections, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, the procedures performed as described previously, and the reports of other auditors, and except for the effects on the supplementary information of the matter discussed in paragraph four, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole. The information in the introductory and statistical sections has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Thomas A. Schweich
State Auditor

January 24, 2013

The Management's Discussion and Analysis provides a narrative overview and analysis of the financial activities of the State.

Management's Discussion and Analysis

The following is a discussion and analysis of the State of Missouri's (State's) financial activities for the fiscal year ended June 30, 2012. Readers are encouraged to consider the information presented here in conjunction with additional information that is furnished in the letter of transmittal.

FINANCIAL HIGHLIGHTS – PRIMARY GOVERNMENT

Government-Wide:

- *Net Assets.* Assets of the State of Missouri exceeded liabilities at the close of fiscal year 2012 by \$29.6 billion. Of the \$29.6 billion, "unrestricted net assets" is reported as a negative \$2.2 billion, offset by \$3.9 billion in "restricted net assets". A positive balance in unrestricted net assets would represent the amount available to be used to meet the government's ongoing operations.
- *Changes in Net Assets.* The State's total net assets increased by \$285.1 million in fiscal year 2012. Net assets for governmental-type activities increased by \$143.3 million.
- *Excess of Revenues over (under) Expenses.* During fiscal year 2012, the State's total revenues of \$25.5 billion were \$285.1 million greater than total expenses of \$25.2 billion (excluding transfers). Of these expenses, \$15.5 billion were covered by program revenues. General revenues, generated primarily from various taxes, totaled \$10.0 billion.

Fund-Level:

- *Governmental Funds - Fund Balance.* At the close of fiscal year 2012, the State's governmental fund assets exceeded liabilities by \$4.7 billion, a decrease of \$542.2 million or 10.4% from the prior year. The decrease was primarily due to a decrease in revenues of \$640.6 million. This was primarily due to a decrease in federal funding received as part of the American Recovery and Reinvestment Act of 2009, which is coming to a close.
- *General Fund - Fund Balance.* At the end of the current fiscal year, the State's General Fund reported a balance of \$1.2 billion.

Additional information regarding individual funds begins on Page 9.

Debt Issued and Outstanding:

- The primary government's total long-term obligations related to bonds payable decreased \$199.4 million or 4.6% over the prior year. The outstanding bonds payable represents 53.7% of financial assets (cash, receivables, and investments) and 10.6% of total assets. The net decrease in bonds payable resulted from a decrease of \$197,110,000 due to bond payments, \$165,415,000 due to bond refunding, and an increase of \$163,145,000 due to issuances of Board of Public Buildings and Educational Facilities Revenue Bonds. Additional detail is available in *Note 12*.

Revenue Limit:

- The State Constitution limits the State's ability to retain revenue collected over an amount set by a constitutional amendment known as Article X. Excess revenue of 1.0% or more must be refunded to the taxpayers each year. During fiscal year 2012, the State did not exceed the revenue limit.

OVERVIEW OF THE FINANCIAL STATEMENTS

The State's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements:

The government-wide financial statements are designed to provide readers with a broad overview of the State's finances in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on all of the State's assets and liabilities, with the difference between the two reported as *net assets*. Increases or decreases in net assets may serve as a useful indicator of the State's financial position.

The *Statement of Activities* presents information showing how the State's net assets changed during the most recent fiscal year. All changes in net assets are reported when the underlying event giving rise to the change occurs, regardless of when the cash is received. Thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements report three activities:

Governmental Activities are primarily supported by taxes and intergovernmental revenues. They include general government, education, natural and economic resources, transportation and law enforcement, and human services.

Business-Type Activities are intended to recover all or a significant portion of their costs through user fees and charges. They include constructing or operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, publishing maps and documents and insurance coverage. Also included are the operations of the State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance funds.

Discretely Presented Component Units are operations for which the State has financial accountability, but are legally separate. They include the college and universities, Missouri Development Finance Board, Missouri Agricultural and Small Business Development Authority, Missouri Transportation Finance Corporation, and Missouri Wine and Grape Board.

Fund Financial Statements:

The fund financial statements present more detailed information about the government's operations than the government-wide statements. The State uses fund accounting to ensure and demonstrate compliance with statutory requirements. The funds of the State can be divided into three categories: governmental, proprietary, and fiduciary.

Governmental funds. Governmental funds are used to account for most of the basic services provided by the State. Unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of current financial resources and utilize the modified accrual basis of accounting. This presentation focuses on when cash will be received and disbursed making the statements useful in evaluating a government's financing requirements in the near future.

Governmental funds include the general, special revenue, capital projects, debt service, and permanent funds. Major funds include general, public education, conservation and environmental protection, and the Missouri Road Fund which are presented in separate columns. Data from other governmental funds are combined into a single column for aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements in supplementary information.

A user can compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements, a reconciliation to facilitate this comparison is provided on the page immediately following each governmental fund financial statement.

Proprietary funds. Proprietary funds are used to account for activities similar to private businesses in which goods and services are sold for specified fees. Generally, the State uses enterprise funds to account for activities that provide goods and services to the general public. These include constructing or operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising and publishing maps and documents. Also included are the operations of the State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance funds. Internal service funds report activities that provide supplies and services for the State's other programs and activities. The State uses internal service funds to account for insurance and health care plans, as well as administrative services for other state agencies, such as fleet management, data processing, and telecommunication services. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds focus on economic resources and utilize the full accrual basis of accounting. The proprietary fund financial statements provide separate information for the State Lottery, Unemployment Compensation, and Petroleum Storage Tank Insurance, which are considered major enterprise funds. Non-major enterprise funds are also combined into a single column for aggregated presentation. All internal service funds are combined into a single column in the proprietary fund financial statements. Individual fund data for the non-major enterprise and internal service funds is provided in the form of combining statements in supplementary information.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside State government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are not available to support the State's own programs. The fiduciary funds are presented using the full accrual basis of accounting.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information (RSI) including a budgetary comparison schedule for the General Fund and major special revenue funds. Other supplementary information includes the combining statements for the general, non-major governmental, non-major enterprise, internal service, fiduciary, and non-major component unit funds. It also includes the statistical section as well as budgetary comparison schedules for the Missouri Road Fund, non-major special revenue, debt service, and permanent funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Assets:

The State's total net assets increased \$285.1 million or 0.9% during fiscal year 2012. This increase resulted primarily from a decrease in bonds payables and bond premiums of \$216.0 million due to the State capitalizing on historically low interest rates by refunding state bonds. Net assets invested in capital assets net of related debt and restricted net assets, which do not represent resources available to pay day-to-day operating expenses, increased by \$841.6 million or 2.7%. The net assets invested in capital assets net of related debt and restricted net assets increase was primarily due to the increase in capital assets of \$840.2 million.

Invested in capital assets net of related debt, such as bonds payable or capital lease obligations, is the largest component of the State's net assets at \$27.9 billion or 94.2%. These assets include land, infrastructure, buildings, and equipment which are not easily converted to cash or readily available to pay state debts as they come due.

Restricted net assets of the primary government totaled \$3.9 billion or 13.2% of total net assets vs. 14.8% from the prior year. Net assets are restricted for several reasons including constitutional, legal, enabling legislation, or external requirements. Examples of restricted net assets include lottery proceeds restricted for public education, funds restricted for debt service, and certain sales taxes restricted for the maintenance of highways or state parks and conservation areas. Also, many federal funds are restricted to funding certain programs.

The following table displays the current and prior year government-wide condensed Statement of Net Assets.

Changes in Net Assets:

The schedule below reflects how the State's net assets changed during the year. The State collected program revenues of \$15.5 billion and general revenues of \$10.0 billion for total revenues of \$25.5 billion during fiscal year 2012. Expenses for the State during fiscal year 2012 were \$25.2 billion. Total net assets, net of contributions and transfers, increased by \$285.1 million.

The following table displays the current and prior year government-wide condensed Statement of Activities.

*Fiscal year 2011 amounts have been restated.

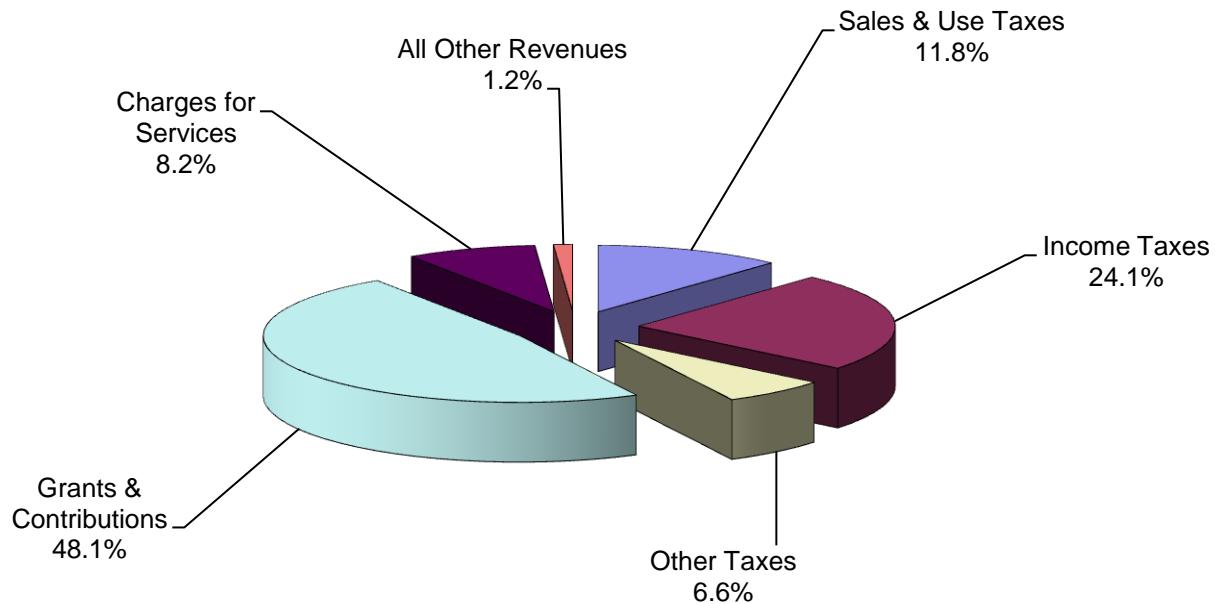

Governmental Activities

The net assets of governmental activities increased \$143.3 million in fiscal year 2012. Revenues for the governmental activities totaled \$22.8 billion, while expenses totaled \$23.0 billion in 2012.

General and program revenues of governmental activities remained relatively constant during the fiscal year.

As shown in the Revenues by Source chart below, approximately 42.5% of revenues from all sources earned came from taxes. Grants and contributions, which represents amounts received from other governments/entities, primarily the federal government, provided 48.1% of total revenue. Charges for services contributed 8.2% and various other revenues provided 1.2% of the remaining governmental activity revenue sources.

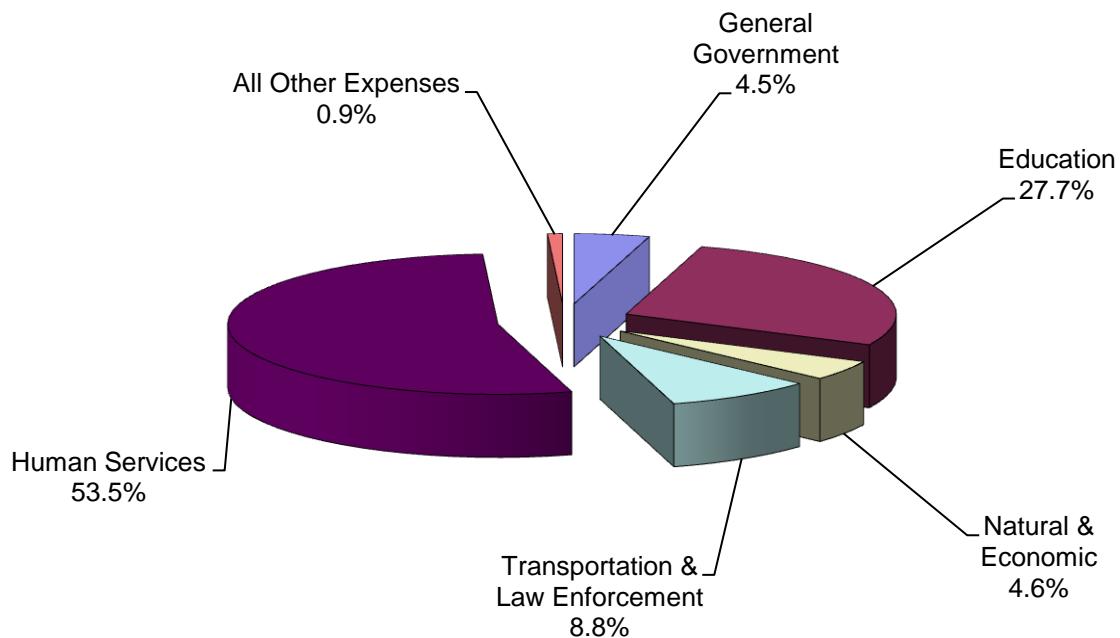

Revenues by Source

The State's governmental activities program expenses decreased \$17.1 million during fiscal year 2012. Education expenses decreased \$163.2 million, General Government expenses decreased \$61.1 million, Natural and Economic Resources expenses increased \$118.5 million, Transportation and Law Enforcement expenses decreased \$507.4 million, Human Services expenses increased \$588.1 million, and all Other Expenses increased \$8.0 million.

As shown in the Expenses by Function chart below, expense for Human Services makes up the largest portion – 53.5% – of total governmental activities expenses.

Expenses by Function

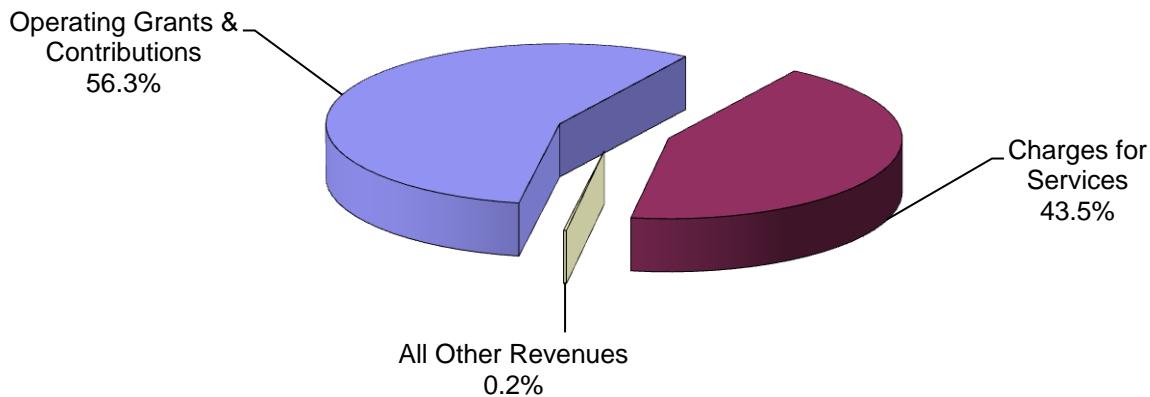

Business-Type Activities

Net assets of the State's business-type activities increased \$141.8 million in fiscal year 2012. Business-type revenues decreased by \$113.3 million during the current fiscal year. Program expenses of business-type activities decreased \$344.9 million from fiscal year 2011 to 2012 primarily from a decrease in unemployment compensation expense.

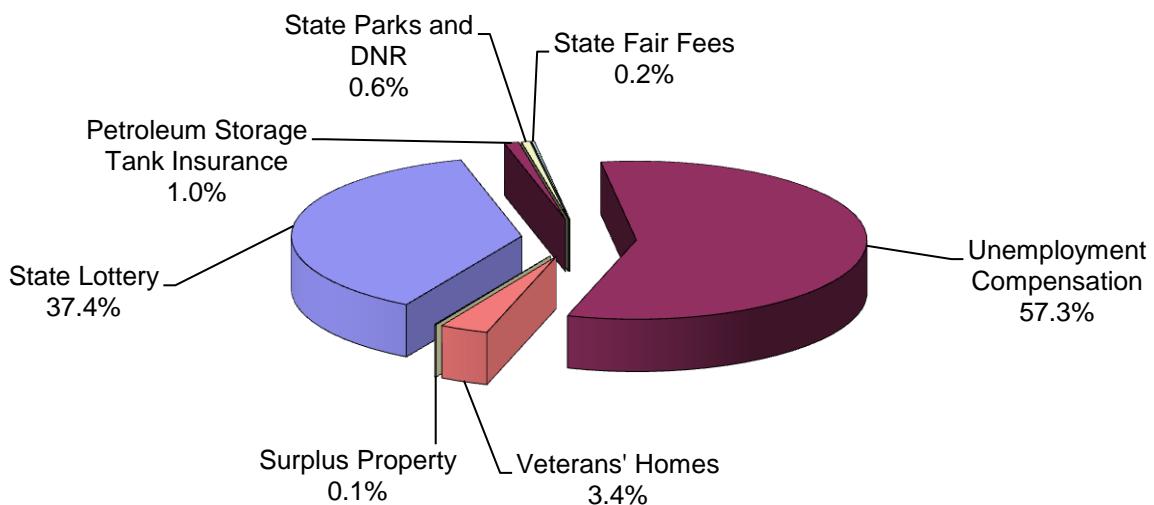

Revenues of business-type activities totaled \$2.7 billion. As shown in the Revenues by Source chart below, 56.3% of the revenues came from operating grants and contributions. Charges for services provided 43.5% of the total revenue and all other revenues provided 0.2%.

Revenues by Source

Expenses of business-type activities totaled \$2.2 billion. As shown in the Expenses by Fund chart below, the Unemployment Compensation makes up the largest portion with 57.3% of total business-type expenses. State Lottery comes in second at 37.4%, followed by veterans' homes at 3.4%, petroleum storage tank insurance at 1.0%, state parks and DNR at 0.6%, state fair fees at 0.2%, and surplus property at 0.1%.

Expenses by Fund

FINANCIAL ANALYSIS OF THE STATE'S INDIVIDUAL FUNDS

Governmental Funds:

At the end of fiscal year 2012, the State's governmental funds reported combined ending fund balances of \$4.7 billion. Approximately 30.6% is unrestricted and available for spending at the government's discretion. The remainder of fund balance is nonspendable and restricted to indicate that it is not available for new spending because it has already been allocated for: 1) inventories, 2) to pay debt service, 3) for loans receivable, and 4) for a variety of other purposes.

Fund balances (in thousands) for governmental funds are as follows:

	General Fund	Public Education	Conservation and Environmental Protection	Missouri Road Fund	Non-Major Funds	Total
Nonspendable	\$ 61,206	\$ 89	\$ 983,233	\$ 45,789	\$ 48,027	\$ 1,138,344
Restricted	336,933	224,389	122,708	1,063,280	342,233	2,089,543
Committed	504,569	8,895	248,138	---	34,705	796,307
Assigned	65,122	38,335	84,881	---	243,596	431,934
Unassigned	<u>195,763</u>	<u>---</u>	<u>---</u>	<u>---</u>	<u>---</u>	<u>195,763</u>
Total	\$ 1,163,593	\$ 271,708	\$ 1,438,960	\$ 1,109,069	\$ 668,561	\$ 4,651,891

The General Fund is the chief operating fund of the State. At the end of fiscal year 2012, the State's General Fund reported a total fund balance of \$1.2 billion. The net decrease in fund balance during fiscal year 2012 was \$252.0 million. Revenues of the General Fund totaled \$18.1 billion in fiscal year 2012, a decrease of \$276.1 million from fiscal year 2011. The major contributing factor was a combination of a decrease in contributions and intergovernmental revenues of \$735.6 million due to a decrease in funding from the federal government relating to the American Recovery and Reinvestment Act which is coming to an end. The decrease in contributions and intergovernmental revenues was offset by an increase of \$424.7 million in taxes relating to a slight recovery in the economy. Expenditures of the General Fund totaled \$15.5 billion in fiscal year 2012, an increase of \$104.1 million from fiscal year 2011. The major contributing factors to this were an increase in expenditures for human services of \$605.0 million related to increased utilization of Medicaid and physician programs as well as an increased rate for managed care.

The Public Education Fund provides general and special education services to the children of the State and other related functions such as library services and student loans. Total fund balance decreased by \$62.0 million. The major contributing factor in the decrease in fund balance was an increase of \$170.3 million in education expenses. Education expenses increased due to additional funding for public k-12 schools. Public education is a high priority payment for the State. In general, funding for k-12 schools either holds steady or increases even in tough economic times. The increase in expenditures was offset by an increase in revenues and transfers in. Revenues of the Public Education Fund went up slightly compared to fiscal year 2011, which was mainly due to an increase in sales and use taxes due to an increase in consumer sales. Transfers in increased by \$17.3 million due to an increased transfer from the State Lottery Fund as a result in higher lottery sales of which a portion goes to public education.

The Conservation and Environmental Protection Fund provides for the preservation of the State's wildlife and environment. The fund balance increased by \$77.5 million due to increases in tax and contribution and intergovernmental revenues. Taxes increased in various sales and use tax categories due to higher consumer sales. While revenues increased, this was offset by a large increase in natural and economic resources expenditures due to an increase in the number of loans given out to local governments.

The Missouri Road Fund accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. The fund balance decreased by \$336.2 million in fiscal year 2012. The largest change has a decrease in contributions and intergovernmental revenue of \$519.2 million or roughly 35.4%. This is largely due to less funding from the federal government as a result of the series of continuing resolutions passed by Congress since the September 30, 2009, expiration of Safe Accountable Flexible Efficient Transportation Equity Act - A Legacy for Users (SAFETEA-LU). In addition, a majority of the projects resulting from American Recovery and Reinvestment Act were completed, resulting in less federal funds.

Proprietary Funds:

The State has three major proprietary funds: State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance Fund. The State Lottery Fund was established in 1986 to account for the sale of lottery tickets and lottery operations. Since 1992, public education has been the sole beneficiary of lottery proceeds. Unemployment Compensation accounts for contributions and payments collected from Missouri employers under the provision of the "Unemployment Compensation Law." This tax finances benefits for workers who become unemployed through no fault of their own. The Petroleum Storage Tank Insurance Fund accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks. The fund pays cleanup expenses for petroleum leaks or spills from underground storage tanks and certain above ground storage tanks as well as third party property damage or bodily injury resulting from such discharges. This fund is one of the largest insurers of storage tanks in the country.

The State Lottery Fund's net assets increased by \$3.5 million due mainly to increased sales. Sales of scratcher tickets and draw game tickets went up \$97.5 million. This is a result of strong sales of traditional, holiday, and licensed scratcher games as well as an introduction of a new \$20 taxes-paid game. Draw games such as Powerball and Mega Millions also had an increase in sales of approximately \$20.5 million which is attributed to large jackpots during fiscal year 2012. Direct expenses also increased in relation to the increase in sales.

The Unemployment Compensation Fund's net assets increased by \$140.8 million due to a reduction in the number of weekly unemployment claims resulting from a change in the unemployment law. Thereby, reducing the number of weeks that unemployment benefits can be claimed from 26 to 20. As of January 1, 2011, Missouri had an outstanding loan balance with the federal government for two consecutive years resulting in a reduction in the Federal Unemployment Tax Act (FUTA) tax credit that Missouri employers are allowed to claim on their taxes. The additional dollars collected by the federal government will be used to pay down Missouri's loan balance. As of June 30, 2012, the state owes approximately \$563.0 million to the federal government.

The Petroleum Storage Tank Insurance Fund's net assets decreased by \$8.6 million. Operating expenses increased by \$8.2 million primarily due to an increase in program expenses, which increased by 94.5% from fiscal year 2011. The major contributing factor to this increase was related to changes in estimated claims liabilities.

GENERAL FUND BUDGETARY HIGHLIGHTS

The original budget is the appropriated budget that is truly agreed to and finally passed by the legislature, and signed by the Governor at the beginning of the fiscal year. The final budget includes emergency and supplemental appropriations, reverted and increases to estimated appropriations, which occur during the fiscal year.

Budgeted appropriations for fiscal year 2012 from the General Fund were \$23.2 billion original budget and \$24.8 billion final budget. Actual spending was \$23.2 billion. Reasons for the final budget variances include:

- Appropriation authority exceeded cash available for expenditures.
- Lapse of various appropriations.
- Multiple year grants are appropriated in one year but the expenditures may occur over several years.

Budgeted revenues/transfers in for fiscal year 2012 for the General Fund were \$23.2 billion original budget and \$23.6 billion final budget. Actual revenue/transfers in was \$22.9 billion.

Refer to the *Notes to RSI*, Budgetary Reporting, on page 106 for more information on budgetary variances.

GOVERNMENT-WIDE CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets:

The State's investment in capital assets for its governmental and business-type activities as of June 30, 2012, was \$31.5 billion (net of accumulated depreciation/amortization). This investment in capital assets includes construction in progress, software in progress, infrastructure in progress, land, permanent easements, land improvements, temporary easements, buildings and improvements, equipment, software, trademarks, and infrastructure.

Capital Assets of the State include (in thousands):

	Governmental Activities	Business-Type Activities	Total
Construction in Progress	\$ 397,352	\$ 4,822	\$ 402,174
Software in Progress	27,356	---	27,356
Infrastructure in Progress	3,079,286	---	3,079,286
Land	2,910,029	9,462	2,919,491
Permanent Easements	2,174	---	2,174
Land Improvements	187,912	8,915	196,827
Temporary Easements	3,004	50	3,054
Buildings and Improvements	3,196,543	30,890	3,227,433
Equipment	1,206,661	48,699	1,255,360
Software	106,640	1,769	108,409
Trademarks	17	---	17
Infrastructure	<u>45,378,152</u>	---	<u>45,378,152</u>
<i>Subtotal</i>	56,495,126	104,607	56,599,733
Less Accumulated Depreciation/Amortization	<u>(25,016,107)</u>	<u>(56,418)</u>	<u>(25,072,525)</u>
Total Capital Assets, Net	<u>\$ 31,479,019</u>	<u>\$ 48,189</u>	<u>\$ 31,527,208</u>

Additional information on capital assets can be found in *Note 5* of this report.

Debt Administration:

At the end of fiscal year 2012, the primary government had total general obligation and other bonded debt outstanding of \$4.2 billion. Of this amount, \$432.8 million comprises debt backed by the full faith and credit of the government.

Principal amounts retired in fiscal year 2012 were \$54.3 million for general obligation bonds and \$308.2 million for other bonds.

The State of Missouri is proud to be one of only ten states to maintain a Triple-A credit rating from all three major credit rating agencies (Moody's Investor Services, Inc., Standard and Poor's, and Fitch Ratings, Inc.) on the State's General Obligation Bonds.

Outstanding Bonds Payable of the State include (in thousands):

	Governmental Activities	Component Units	Total
General Obligation Bonds	\$ 432,765	\$ ---	\$ 432,765
Other Bonds	<u>3,735,920</u>	<u>1,826,628</u>	<u>5,562,548</u>
Total	<u>\$ 4,168,685</u>	<u>\$ 1,826,628</u>	<u>\$ 5,995,313</u>

Additional information on long-term debt can be found in *Notes 11, 12, and 13* of this report.

ECONOMIC OUTLOOK AND NEXT YEAR'S BUDGET

The State's net general revenue collections continue to make moderate increases. During fiscal year 2012, net general revenue collections increased 3.2% from fiscal year 2011 ending with an amount of \$7.3 billion compared to an increase of 4.9% from fiscal year 2010 to fiscal year 2011. The fiscal year 2013 budget, as appropriated in May 2012, would require growth of 3.9% from fiscal year 2012 in general revenue collections to meet the revenue estimate. The fiscal year 2013 budget has a \$15 million expenditure restriction largely due to the expectation of significant growth in lottery revenue that was built into the budget. However, it is uncertain whether this growth will be realized. As of the end of October 2012, the fiscal year 2013 year-to-date net general revenue collections had increased by 7.5% compared to fiscal year 2012. If this increase remains at the end of the fiscal year, then the fiscal year 2013 budget will be balanced and no further expenditure restrictions will be needed.

The outlook for general revenue for fiscal year 2013 remains uncertain. While most economic forecasts anticipate the eventual return of stronger growth, it remains unclear when this growth may gather speed. Much depends on the timing and details of the federal deficit resolution. Along with domestic fiscal issues, troubles in the European Union continue to vex stateside equity markets, which remain volatile. Meanwhile, despite sitting on elevated amounts of cash, businesses are hesitant to invest in equipment or staff. Consumers remain constrained and little job growth is occurring, especially among public employers hampered by reduced revenues and curtailed stimulus funding. Housing markets continue to struggle with declining prices and foreclosures in much of the country.

Exports continue to be an area of growth in Missouri. Missouri set a record in the second quarter of 2012 reaching the highest second quarter export dollar amount on record in the State with \$7.54 billion in exports. The leading sectors in exports include transportation equipment and chemicals. In addition, the transportation equipment sector had an increase of 75% in aerospace products and parts. The chemical sector also had an increase in the pharmaceuticals and medicines and plastic products sub-sectors by 14% and 16%, respectively. The following graph shows the top exports (in millions of dollars):

Source: Missouri Economic Research and Information Center/Realty Trac

Despite the current national economic situation, Missouri's financial position continues to be strong. Conservative fiscal management, including Missouri's constitutional provisions for the Governor to line item veto and restrict expenditures below appropriated levels, will ensure the fiscal year 2013 budget is balanced. So far in fiscal year 2013, there have been \$15 million in expenditure restrictions. This is largely due to the expectation of significant growth in lottery revenue that is uncertain to materialize.

Missouri sustained several natural disasters in 2011, including flooding and tornadoes. In addition, the State also had a drought in 2012. The State will be aiding in the relief from these disasters with much of the costs being paid during fiscal year 2013. The State and local share of the costs is anywhere from 10 to 25 percent of the total clean-up or restoration costs.

Funding for highways remains uncertain. In July 2012, the president signed a new transportation bill that would give \$105 billion to the states and provide full funding for 27 months. However, federal gas tax receipts are insufficient to fund the bill. The Congressional Budget Office estimates that there will be deficits in federal fiscal year 2015. The impact to Missouri's funding for transportation is unclear. However, it is estimated that the State will receive \$70 million less annually. For this reason, the State must focus on taking care of existing transportation systems until revenues substantially increase.

The State continues to work towards boosting the economy, increasing efficiency, and decreasing costs. During the 2012 legislative session, there were several clean-up bills that passed in an effort to improve efficiencies or save money. House Bill 1608 was passed and is a statutory clean-up bill, which repeals provisions or sections of obsolete or unfunded statutes or establishes expiration dates for specific provisions. This bill covered clean-up of 138 sections/subsections of state statutes and will improve the accuracy and usability of the state statutes. In addition, Senate Bill 625 modified language regarding refunds of employee contributions into the State's retirement system when the employee leaves prior to becoming eligible for normal retirement. Currently, those employees will be refunded their contributions plus 4% interest. Starting July 1, 2015, the interest rate will change to be equal to the rate that is published by the United States Department of Treasury for fifty-two week treasury bills.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the State's finances for all those with an interest in the State's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of Administration, Division of Accounting, P.O. Box 809, Jefferson City, MO 65102.

The Basic Financial Statements include the Government-Wide Financial Statements, the Governmental Fund Financial Statements, the Proprietary Fund Financial Statements, the Fiduciary Fund Financial Statements, the Component Unit Financial Statements, and the accompanying notes to the statements.

*The **Governmental Funds** focus on current financial resources.*

Governmental Fund Financial Statements

Major Funds

General Fund – Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

Major Special Revenue Funds:

Public Education – Provides general and special education needs of the State and other related areas such as library services and student loans.

Conservation and Environmental Protection – Provides for the preservation of the State's wildlife and environment.

Major Capital Projects Fund:

Missouri Road Fund – Accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. This also includes the following blended component unit: Missouri Highway 63 Transportation Corporation.

Non-Major Funds

Non-Major Governmental Funds are presented in the Combining and Individual Fund Statements and Schedules for non-major funds as part of Supplementary Information.

STATE OF MISSOURI
RECONCILIATION OF THE BALANCE SHEET OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF NET ASSETS
June 30, 2012
(In Thousands of Dollars)

Total Fund Balances – Governmental Funds	\$ 4,651,891
--	--------------

Amounts reported for governmental activities in the Statement of Net Assets are different because:

Capital assets used in governmental funds are not financial resources and they are not reported in the funds. These assets consist of (Note 5):

Construction in Progress	395,041
Software in Progress	24,538
Infrastructure in Progress	3,079,286
Land	2,902,308
Permanent Easements	2,174
Land Improvements	184,798
Temporary Easements	3,004
Buildings and Improvements	2,665,869
Equipment	1,099,183
Software	96,024
Trademarks	17
Infrastructure	45,378,152
Accumulated Depreciation/Amortization	<u>(24,773,287)</u>
	31,057,107

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds (Note 1).	596,642
---	---------

Bonds issued by the State have associated costs that are paid from current available financial resources in the funds. However, these costs are deferred on the Statement of Net Assets.	57,343
--	--------

Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of (Note 11):

Due to Other Entities	(28,787)
General Obligation and Other Bonds Payable	(4,168,685)
Unamortized Bond Premium	(142,277)
Accrued Interest on Bonds	(54,421)
Obligation under Lease Purchases	(146,077)
Pollution Remediation	(11,190)
Compensated Absences	(150,909)
Claims Liability	(16,887)
Contingent Liabilities	(1,617,679)
Net Other Postemployment Benefit Obligation	(594,755)
Net Pension Obligation	<u>(119,100)</u>
	(7,050,767)

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The assets and liabilities are included in governmental activities in the Statement of Net Assets.	<u>606,538</u>
--	----------------

Net Assets of Governmental Activities	<u>\$ 29,918,754</u>
---------------------------------------	----------------------

The notes to the financial statements are an integral part of this statement.

STATE OF MISSOURI
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES IN
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2012
(In Thousands of Dollars)

Net Change in Fund Balances – Total Governmental Funds	\$ (546,301)
--	--------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Inventories, which are recorded under the purchases method for governmental fund reporting, are reported under the consumption approach on the Statement of Activities. As a result of this change, the Increase in Reserve for Inventories on the fund statement has been reclassified as a functional expense on the government-wide statement. 4,135

Governmental funds report capital outlays as expenditures. In the Statement of Activities, however, the cost of these assets is allocated over their estimated useful lives and reported as depreciation/amortization expense. This is the amount that capital outlays of \$1,295,810 exceeds depreciation/amortization of \$446,392 in the current period. 849,418

The net effect of the donation of capital assets increased net assets. 3,260

Deferred revenues do not provide current financial resources and are not recognized as revenues until available in governmental funds. (254,533)

Proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. In governmental funds, repayment of principal is an expenditure, but the repayment reduces long-term liabilities in the Combined Statement of Net Assets (Note 11):

Bonds Issued	(163,145)
Bond Premiums, Issuance, and Refunding Costs	(4,344)
Bonds Retired	362,525
Capital Leases Issued	(1,732)
Capital Lease Payments	<u>15,373</u>
	208,677

Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore are not reported as expenditures in governmental funds (Note 11):

Amortization of Bond Premiums, Issuance, and Refunding Costs	14,888
Increase in Accrued Interest	(17,435)
Increase in Due to Other Entities	(4,878)
Increase in Pollution Remediation	(4,261)
Decrease in Compensated Absences	5,604
Increase in Contingent Liabilities	(31,710)
Increase in Claims Liability	(599)
Increase in Net Other Postemployment Benefit Obligation	(131,276)
Increase in Net Pension Obligation	<u>(1,945)</u>
	(171,612)

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The net revenue and expense of internal service funds are reported with governmental activities. 50,298

Change in Net Assets of Governmental Activities \$ 143,342

The notes to the financial statements are an integral part of this statement.

The Proprietary Funds focus on economic resources and are operated in a manner similar to private business enterprises.

Proprietary Fund Financial Statements

Major Funds

State Lottery – Accounts for proceeds from the sale of lottery tickets and all other moneys credited or transferred to this fund. A minimum of 45% of the moneys are used for prizes.

Unemployment Compensation – Accounts for contributions and payments collected under the provisions of the “Unemployment Compensation Law” to pay benefits.

Petroleum Storage Tank Insurance – Accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks for cleanup of contamination caused by releases from petroleum storage tanks.

Non-Major Funds

Non-major enterprise funds and all internal service funds are presented in our combining non-major fund financial statements as part of Supplementary Information.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies

A. Financial Statements and Reporting Entity

The accompanying financial statements of the State of Missouri (primary government) and its component units have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The State has elected not to follow the Financial Accounting Standards Board's pronouncements issued after November 30, 1989 for proprietary activities.

The financial statements include the departments, agencies, boards, commissions, and other organizational units over which the State has financial accountability. GASB set forth the following criteria in Statement No. 14 – *The Financial Reporting Entity* for determining financial accountability: appointment of a voting majority of an organization's governing body and either: 1) the ability to impose the State's will on the organization; or 2) the organization's ability to provide specific benefits to, or impose specific burdens on, the primary government. Where the State does not appoint a voting majority of the governing body, the entity would still be included if it is fiscally dependent on the State. Statement No. 39 – *Determining Whether Certain Entities are Component Units* added a requirement to include all entities whose relationship with the State would make it misleading to exclude it.

In addition to the legislative, executive, and judicial branches, the following organizations are included in these financial statements:

Component Units (Blended):

Blended component units are legally separate entities from the State, but are so intertwined with the State that they are, for all practical purposes, the same as the State. They are reported as part of the primary government and blended into the appropriate funds. The following component units are blended because they provide services entirely or almost entirely to the primary government:

Board of Fund Commissioners – The Board was created by state law and is comprised of the Governor, Lieutenant Governor, Attorney General, State Auditor, State Treasurer, and the Commissioner of Administration. The Board's purpose is to issue, redeem, and cancel state general obligation bonds and perform other administrative activities related to state general obligation debt as assigned by law. Separate financial statements are not required or issued for the Board.

Board of Private Investigator and Private Fire Investigator Examiners – The Board was created by state law and is charged with the licensure and regulation of the practice of private investigators and private fire investigators in Missouri. The seven member board shall consist of three private investigators, two private fire investigators, and two public members, appointed by the Governor. Separate financial statements are not required for the Board.

Board of Unemployment Fund Financing – The Board was created by state law to provide a method of providing funds for the payment of unemployment benefits and maintaining an adequate fund balance in the Unemployment Compensation Fund. The Board is comprised of the Governor, Lieutenant Governor, Attorney General, the Director of the Department of Labor and Industrial Relations, and the Commissioner of Administration. Separate financial statements are not required for the Board.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

Coordinating Board for Early Childhood – The Board was created by state law within the Missouri Children's Services Commission. The Board's purpose is to develop a comprehensive statewide long-range strategic plan for a cohesive early childhood system, and to work with public and private entities for the purpose of promoting and improving the development of Missouri's children from birth through age five. The 17 member Board is composed of representatives from the Governor's office; the following departments: Health and Senior Services, Mental Health, Social Services, and Elementary and Secondary Education; the judiciary; the Family and Community Trust Board; the Head Start Program; and nine members appointed by the Governor. Separate financial statements are not required for the Board.

Missouri State Penitentiary Redevelopment Commission – The Commission was established to coordinate the planning and redevelopment of the old Jefferson City Correctional Center. The ten member commission consists of three members appointed by the Jefferson City mayor, three members appointed by the Cole County Commission, and four members appointed by the Governor. Separate financial statements are not required for the Commission.

Capital Projects Funds:

Missouri Highway 63 Transportation Corporation – This is reported as a part of the Missouri Road Fund. This transportation corporation is a not-for-profit corporation organized under the Missouri Transportation Corporation Act. The corporation was formed to facilitate the construction of highway projects. When the purpose for which this corporation was formed has been complied with and all obligations of the corporation have been paid, the Board of the corporation shall, with the approval of the Missouri Highways and Transportation Commission, dissolve the corporation. Additional information may be requested from:

Missouri Department of Transportation
Financial Services Division
P.O. Box 270
Jefferson City, Missouri 65102

Internal Service Funds:

Board of Public Buildings – This is reported with the State Facility Maintenance and Operation Fund. The Board was created by state law and its governing body is made up of the Governor, the Lieutenant Governor, and the Attorney General. Its purpose is to provide state buildings by issuing revenue bonds and to supervise the operations of these facilities. All construction contracts must be approved by the Division of Facilities Management, Design and Construction, and its projects must be approved by the General Assembly. The Board can require state agencies to occupy its projects. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds, maintain certain required reserves, and pay the costs of operations.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

Conservation Employees' Insurance Plan – The Plan provides health and life insurance coverage to eligible employees and retirees of the Missouri Department of Conservation. The Plan is administered by a five member board of trustees made up of two members of the Plan appointed by the Conservation Commission, the Chief Financial Officer, the Human Resources Division Chief, and the Internal Auditor. Copies of the Plan's financial statements may be requested from:

Missouri Department of Conservation
P.O. Box 180
Jefferson City, Missouri 65102

Transportation Self-Insurance Plan – The Plan provides fleet vehicle liability, workers' compensation, and general liability insurance. The Plan is administered by the Missouri Department of Transportation. Additional information may be requested from:

Missouri Department of Transportation
Financial Services Division
P.O. Box 270
Jefferson City, Missouri 65102

Missouri State Employee's Insurance Plan – The Plan was created to provide basic life insurance to eligible members and is administered through the Missouri State Employees' Retirement System (MOSERS). Death benefits, optional life insurance, and long-term disability benefits are also provided by the Plan for certain members. Furthermore, the Plan administers the State's Deferred Compensation Plan through the MOSERS Board of Trustees. Copies of the System's financial statements may be requested from:

Missouri State Employees' Retirement System
P.O. Box 209
907 Wildwood Drive
Jefferson City, Missouri 65102-0209

Missouri Consolidated Health Care Plan (MCHCP) – The Plan was created by state law to provide medical benefits to its members and is administered by a board of trustees. The Board consists of two members of the Senate; two members of the House; six members appointed by the Governor; the Director of the Department of Health and Senior Services; the Director of the Department of Insurance, Financial Institutions and Professional Registration; and the Commissioner of Administration. The management of MCHCP is the responsibility of the Executive Director who is appointed by the Board. Copies of the Plan's financial statements may be requested from:

Missouri Consolidated Health Care Plan
P.O. Box 104355
832 Weathered Rock Court
Jefferson City, Missouri 65110-4355

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

MoDOT and MSHP Medical and Life Insurance Plan – The Plan provides health and life insurance coverage to eligible employees, retirees, and their dependents of the Missouri Department of Transportation (MoDOT) and the Missouri State Highway Patrol (MSHP). The Plan is administered by a board of trustees consisting of four active MoDOT employees, one retired MoDOT employee appointed by the Director of MoDOT, two active MSHP employees, and one retired MSHP employee appointed by the Superintendent of MSHP. Additional information may be requested from:

Missouri Department of Transportation
Financial Services Division
P.O. Box 270
Jefferson City, Missouri 65102

Pension (and other employee benefit) trust funds:

Missouri State Employees' Retirement System (MOSERS) – The System was created by state law and provides retirement, survivor, disability, and life insurance to its members and is administered by a board of trustees. The Board consists of two members of the Senate, two members of the House, two members appointed by the Governor, three members elected by the System's members, the State Treasurer, and the Commissioner of Administration. The management of MOSERS is the responsibility of the Executive Director who is appointed by the Board. Copies of the System's financial statements may be requested from:

Missouri State Employees' Retirement System
P.O. Box 209
907 Wildwood Drive
Jefferson City, Missouri 65102-0209

Missouri Department of Transportation and Highway Patrol Employees' Retirement System – The System provides retirement, death, and disability benefits to qualified employees of the Missouri Highways and Transportation Commission (includes employees of the Department of Transportation) and both uniformed and non-uniformed members of the State Highway Patrol. The System is administered by a board of trustees consisting of three members of the Missouri Highways and Transportation Commission, the Director of the Missouri Department of Transportation, the Superintendent of the State Highway Patrol, one member of the Senate, one member of the House, one member elected by MoDOT employees, one member elected by State Highway Patrol employees, one retired member elected by retired MoDOT employees, and one retired member elected by retired State Highway Patrol employees. Copies of the System's financial statements may be requested from:

Missouri Department of Transportation and
Highway Patrol Employees' Retirement System
P.O. Box 1930
Jefferson City, Missouri 65102-1930

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

Missouri Consolidated Health Care Plan (MCHCP) State Retiree Welfare Benefit Trust – The Trust was established on June 27, 2008, to provide health and welfare benefits for the exclusive benefit of current and future retired employees of the State and their dependents who meet eligibility requirements, except those covered by other State sponsored post-employment benefit plans. The Trust is administered by the MCHCP board of trustees, which also administers the benefits for the active participants of the Plan. The net assets and activity related to active participants are reported in an internal service fund. Copies of the Plan's financial statements may be requested from:

Missouri Consolidated Health Care Plan
P.O. Box 104355
832 Weathered Rock Court
Jefferson City, Missouri 65110-4355

Missouri State Public Employees' Deferred Compensation Plan – The Missouri State Public Employees' Deferred Compensation Plan was administered by ING through October 2011. Starting on November 10, 2011, the Plan is administered by ICMA-RC. Oversight of the Plan is provided by the MOSERS board of trustees. Under this Plan, employees are permitted to defer a portion of their current salary until future years. In addition, eligible employees have the opportunity to participate in the Missouri State Employees' Deferred Compensation Incentive Plan. Under this Plan, the State contributes \$25, \$30, or \$35 per month on behalf of any employee who contributes at least that amount to the Missouri State Public Employees' Deferred Compensation Plan and who has been an employee of the State for at least one year. However, due to budget constraints, the State's contribution amount was suspended in March 2010 until further notice. Copies of financial statements for both Plans may be requested from:

Plan Administrator
c/o MOSERS
P.O. Box 209
907 Wildwood Drive
Jefferson City, Missouri 65102-0209

Component Units (Discretely Presented):

Discretely presented component units are legally separate entities for which the State is financially accountable. The financial data for these entities is reported separately from the financial data of the primary government.

Non-Major

Missouri Development Finance Board – The Board was created by state law as an independent, self-supporting, body corporate and politic to promote economic development of the State and was created within the Department of Economic Development. The Board is empowered to issue taxable, tax-exempt, and public purpose infrastructure industrial revenue bonds or notes; provide loans or loan guarantees to eligible businesses; provide loans and grants to political subdivisions to fund public infrastructure improvements; and issue tax credits against certain state income taxes in exchange for contributions made to the Board. The twelve member board is made up of the Lieutenant Governor and the Directors of the Department of Economic Development, the Department of Natural Resources, and the Department of Agriculture, who serve as ex-officio voting members, and eight members appointed by the Governor and confirmed by the Senate. Copies of the Board's financial statements may be requested from:

Missouri Development Finance Board
Governor Office Building
200 Madison Street, Suite 1000
Jefferson City, Missouri 65101

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Significant Accounting Policies (cont.)

Missouri Agricultural and Small Business Development Authority – The Authority was created by state law and is authorized to issue bonds to finance agricultural and small business development loans for property acquisitions/renovations and pollution control facilities throughout the State. If for any reason, the Authority ceases to exist, all rights and properties of the Authority will pass to the State. Its governing body consists of seven members appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's financial statements may be requested from:

Missouri Agricultural and Small
Business Development Authority
P.O. Box 630
1616 Missouri Boulevard
Jefferson City, Missouri 65102

Missouri Transportation Finance Corporation – The Corporation is a not-for-profit corporation organized under the Missouri Nonprofit Corporation Law. The Corporation is financed by federal highway and transit dollars, plus state and local matching funds. It is authorized to issue revenue bonds. The Corporation provides loans to assist public and private entities fund highway and transportation projects throughout the State. The Missouri Highways and Transportation Commission determines which applicants are extended loans from the Missouri Transportation Finance Corporation. Copies of the Corporation's financial statements may be requested from:

Missouri Department of Transportation
Central Office, Financial Services
105 West Capitol Avenue
Jefferson City, Missouri 65101

Missouri Wine and Grape Board – The Board was created by state law to further growth and development of the grape growing industry in Missouri and foster the expansion of the grape market for Missouri grapes. The eleven member board consists of seven members representing the grape and wine industry, food service industry, or media marketing industry. The four other members include the director of the Department of Agriculture and the presidents of the Missouri Grape Growers Association, the Missouri Vintners Association, and the Missouri Wine Marketing and Research Council. Copies of the Board's annual report may be requested from:

Missouri Wine and Grape Board
P.O. Box 630
1616 Missouri Boulevard
Jefferson City, Missouri 65102

Related Organizations

Related organizations are excluded from the financial reporting entity because the State's accountability does not extend beyond appointing a voting majority of the organization's board members. Related organizations of the State of Missouri include:

Missouri Health and Educational Facilities Authority – finances health and educational facilities.

Missouri Higher Education Loan Authority – provides a secondary market for loans made under the Federal Family Education Loan Program.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

Missouri Housing Development Commission – makes, purchases, and insures mortgage loans which are used to develop new or rehabilitate low and moderate income housing.

Missouri Technology Corporation – promotes the modernization of businesses through the development of science and technology applications.

Missouri Public Entity Risk Management Fund – provides liability protection to participating public entities, their officials, and employees.

State Environmental Improvement and Energy Resources Authority – finances, acquires, constructs, and equips projects to reduce, prevent, and control pollution and develop the energy resources of the State.

Jackson County Sports Complex Authority – responsible for construction, operation, and financing of the Jackson County Sports Complex.

Kansas City Regional Sports Complex Authority – responsible for the study and review of all current major sports leagues, clubs, or franchises in Kansas City.

St. Charles County Convention and Sports Facility Authority – responsible for planning, constructing, and managing convention and sports facilities in the St. Charles area.

Missouri Cotton Growers' Organization – organized for boll weevil eradication.

KCT Intermodal Transportation Corporation – organized to pay for a railroad bridge in the Blue Valley Industrial District in Kansas City.

Lake of the Ozarks Community Bridge Corporation – organized to pay for the acquisition and construction of a toll bridge across the Lake of the Ozarks.

Westside Intermodal Transportation Corporation – organized to pay for rail additions and improvements of the Kansas City Terminal Railway.

Universal Service Board – organized to ensure just, reasonable, and affordable rates for comparable essential local telecommunication services throughout the State.

Interstate Commission for Adult Offender Supervision – responsible for promoting public safety and protecting the rights of victims through the control and regulation of the interstate movement of adults placed under community supervision.

Missouri Health Insurance Pool – organized to provide health care coverage for residents who are unable to obtain individual health coverage.

P-20 Council – organized to create a more efficient and effective education system that more adequately prepares students for the challenges of entering the workforce.

Missouri Propane Gas Commission – responsible for developing comprehensive plans and programs for the prevention, control, and abatement of propane-related accidents in Missouri.

Missouri Family Trust Board of Trustees – provides trust services for persons with disabilities.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements:

The government-wide financial statements focus on the government as a whole. The Statement of Net Assets and Statement of Activities report information on all non-fiduciary activities of the primary government and its component units. Primary government activities are distinguished between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Governmental activities include governmental type funds and internal service funds. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services and consist of enterprise funds.

The **Statement of Net Assets** presents the reporting entity's non-fiduciary assets and liabilities, with the difference reported as net assets.

The **Statement of Activities** demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Indirect costs, such as depreciation/amortization expense, are included in the direct expenses reported for individual functions. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not meeting the definition of program revenues are instead reported as general revenues.

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when incurred. Fiduciary funds have been excluded from the government-wide financial statements because, by definition, the resources of these funds cannot be used to support government operations. Generally, interfund transactions have also been eliminated. Some interfund transactions, such as the exchange of services, were not eliminated because doing so would mistakenly understate both expenses of the buyer and revenues of the seller.

The difference between fund assets and liabilities is reported as "Net Assets" on the government-wide, proprietary, and fiduciary fund statements and "Fund Balance" on the governmental fund financial statements.

Fund Financial Statements:

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though fiduciary funds are excluded from the government-wide statements. For governmental and proprietary fund financial statements, the emphasis is on major individual governmental and enterprise funds, with each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Internal service funds are also aggregated and reported in a separate column on the proprietary fund financial statements.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

The governmental fund financial statements are presented using the current financial resources measurement focus and modified accrual basis of accounting. With the current financial resources measurement focus, only current assets and current liabilities are included on the balance sheet. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to pay current period liabilities. Operating statements of governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in fund balance. Material revenues susceptible to accrual include federal grants and sales and income taxes. Expenditures are recognized when the related fund liability is incurred except for the following:

- Principal and interest on general long-term debt is recorded as an expenditure when due.
- Compensated absences (accumulated vacation and compensatory time) and sick pay are recorded as expenditures when paid.
- Inventories are reported as expenditures when purchased, except for the Missouri Road Fund, which updates inventory perpetually under the consumption method.

The proprietary, pension (and other employee benefit) trust, and private-purpose trust fund financial statements are presented using the economic resources measurement focus and accrual basis of accounting. With the economic resources measurement focus, assets and liabilities associated with the operation of these funds are included on the Statement of Net Assets. Under the accrual basis of accounting, revenues are recognized in the period earned and expenses are recognized in the period incurred. Proprietary fund-type operating statements present revenues and expenses in total net assets. Operating revenues and expenses in proprietary funds are classified as those activities that make up the primary ongoing operations associated with those funds. Non-operating revenues and expenses in proprietary funds are classified as those activities that are deemed incidental or unusual for those funds.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. The agency fund financial statements are presented on the accrual basis of accounting.

The discretely presented component unit financial statements are presented using the economic resources measurement focus and accrual basis of accounting with the following exception in regard to the college and universities. Revenues and related expenditures in connection with the summer sessions in progress at June 30 are deferred at that date.

The State reports the following major funds categories:

General Fund – accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. Major revenues include contributions and taxes.

Public Education – provides general and special education needs of the State and other related areas such as library services and student loans. Major revenues include contributions and taxes.

Conservation and Environmental Protection – provides for the preservation of the State's wildlife and environment. Major revenues include contributions, taxes, licenses, fees, and permits.

Missouri Road Fund – accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. Major revenues are from contributions.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

State Lottery – accounts for proceeds from the sale of lottery tickets and all other moneys credited to this fund. A minimum of 45% of the moneys are used for prizes. Major revenues are from sales of lottery tickets.

Unemployment Compensation – accounts for contributions, payments, and federal loans collected under the provisions of the Unemployment Compensation Law to pay benefits. Major revenues include federal and employer contributions.

Petroleum Storage Tank Insurance – accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks for cleanup of contamination caused by releases from petroleum storage tanks. Major revenues are from fees.

C. Basis of Presentation

The State's financial practices are based upon fund accounting concepts. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and fund balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The accompanying financial statements are structured into three categories of funds and discretely presented component units:

Primary Government:

Governmental Funds include the General Fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. These funds account for the revenues and expenditures, capital outlay, and certain debt service of the State.

Proprietary Funds include enterprise funds and internal service funds. These funds account for the cost of certain services provided by the State.

Fiduciary Funds include pension (and other employee benefit) trust funds, private-purpose trust funds, and agency funds. These funds account for assets held by the State in a trustee capacity or as an agent for individuals, other governments, and other entities.

Discretely Presented Component Units:

Major

College and Universities account for moneys from student tuition and fees, federal and state grants, debt proceeds, gifts and contributions, state appropriations, investments, and endowments. Assets and liabilities are accounted for on the Statement of Net Assets. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Net Assets/Statement of Activities.

Non-Major

Non-Major Component Units account for moneys from bond proceeds, loans, contributions, gifts, grants, and other revenue sources. Assets and liabilities are accounted for on the Statement of Net Assets. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Net Assets/Statement of Activities.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

D. Cash and Cash Equivalents

For reporting purposes, cash and cash equivalents include bank accounts, petty cash, and all investments with an original maturity of three months or less, such as certificates of deposit, money market certificates, and repurchase agreements. Cash and cash equivalents on the Proprietary Funds Statement of Cash Flows are also reported under this definition. Cash balances of most state funds are pooled and invested by the State Treasurer (see *Note 3*).

E. Investments

These are long-term investments with an original maturity greater than three months which are expected to be held to maturity and redeemed at face value. The majority of investments are reported in pension (and other employee benefit) trust funds, however, investments are held in all fund types. All investments are reported at fair value (see *Note 3*).

There are multiple funds that have income from investments which are directed to the General Fund. These funds consist of special revenue, enterprise, internal service, private-purpose, and agency funds.

F. Interfund Receivables/Payables

The State makes various transactions between funds or between the primary government and component units to distribute interest earnings, finance operations, provide services, service debt, and acquire capital assets. These receivables at June 30 are classified as "due from other funds" or "due from primary government/component units" on the Balance Sheet and Statement of Net Assets. Payables are classified as "due to other funds" or "due to primary government/component units" on the Balance Sheet and Statement of Net Assets (see *Note 15*). These receivables/payables are due within one year. Any receivables/payables that are due to and due from an enterprise fund are eliminated on the face of the Proprietary Funds Statement of Net Assets. If any receivables/payables that remain after this elimination are both in the same activity (Governmental), they are eliminated at the Government-Wide Statement of Net Assets. Interfund receivables/payables between the primary government and the component units are reclassified as accounts receivable/payable at the government-wide level. Any remaining interfund receivables/payables are reported as internal balances on the Government-Wide Statement of Net Assets.

G. Advances to/from Other Funds

Long-term interfund receivables are classified as "advances to other funds" or "advances to primary government/component units" on the Balance Sheet and Statement of Net Assets. Long-term interfund payables are classified as "advances from other funds" or "advances from primary government/component units" on the Balance Sheet and Statement of Net Assets (see *Note 15*). These receivables/payables are eliminated if both the receivable and payable are in the same activity (Governmental). Advances to/from that are between the primary government and the component units are reclassified as accounts receivable/payable at the government-wide level. Any remaining long-term interfund receivables/payables are reported as internal balances on the Government-Wide Statement of Net Assets.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

H. Inventories

Inventories in the governmental funds consist of expendable supplies held for consumption, the cost of which is recorded as an expenditure at the time of purchase, except for the Missouri Road Fund, which updates inventory perpetually under the consumption method. Inventory balances for governmental funds are shown in the nonspendable fund balance classification. Inventories in the proprietary funds consist of both expendable supplies held for consumption and the cost of goods held for resale, the cost of which is recorded as an expense as they are used. Inventories are valued at cost using various methods such as moving average; weighted average; and first-in, first-out.

I. Capital Assets

Capital assets, which include construction in progress, software in progress, infrastructure in progress, land, land improvements, permanent and temporary easements, buildings and improvements, equipment, software, trademarks, and infrastructure assets, are valued at historical cost or estimated historical cost if actual historical cost is not available. The estimate of historical cost was based on current appraised value indexed to the date of acquisition. Donated capital assets are reported at estimated fair value at the time received. Capital assets acquired through lease agreements are capitalized at the inception of the agreement (see *Notes 5 and 6*).

Infrastructure assets (including highways, bridges, streets and sidewalks, drainage systems, lighting systems, and similar items) are capitalized. Interest costs incurred during construction of capital assets are not capitalized.

The capitalization threshold for all capital assets is as follows: land improvements – \$15,000, buildings and improvements – \$15,000, software and trademarks – \$5,000, and equipment – \$1,000. No dollar threshold is set for land, easements, or infrastructure.

Capital assets are depreciated/amortized using the straight-line method of depreciation/amortization over the following useful lives: buildings – 40 to 50 years, land improvements and building improvements – 15 to 20 years, temporary easements – term of easement, equipment – 5 years, software – 3 to 5 years, trademarks – 10 years, and infrastructure – 12 to 50 years. Construction in progress, software in progress, infrastructure in progress, land, and permanent easements are not depreciated/amortized.

Most works of art and historical treasures are not capitalized or depreciated/amortized. The State's non-capitalized collections include the historical artifacts at the various state museums and historical sites, monuments, and other art throughout the capitol grounds. Assets that were previously capitalized continue to be reported in the government-wide financial statements.

Component unit capital assets are stated at cost and are depreciated/amortized using the straight-line method of depreciation/amortization over the following useful lives: buildings – 40 years, land improvements and building improvements – 20 years, equipment – 5 to 15 years, and software – 3 to 5 years.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

J. Deferred/Unearned Revenues

Governmental Funds

Deferred revenues are those for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met for governmental funds, which use the modified accrual basis of accounting. Therefore, such amounts are reported within the governmental fund financial statements as receivables and offset by a deferred revenue account. These amounts include \$516,128,000 within the General Fund, \$37,874,000 within the major special revenue funds, \$32,497,000 within the Missouri Road Fund, \$10,031,000 within the non-major special revenue funds, and \$112,000 within all other non-major governmental funds which totals \$596,642,000 for governmental funds. Such amounts have been deemed to be measurable but not available. All major sources of revenue, including taxes; licenses, fees, and permits; and governmental contributions are susceptible to accrual when available within 60 days.

Deferred revenues also include amounts collected in advance of the year in which earned. The State has reported as such deferred revenues the amount of \$148,464,000 within the General Fund, \$195,000 within major special revenue funds, and \$11,721,000 within the Missouri Road Fund which totals \$160,380,000 for governmental funds.

Proprietary Funds

Unearned revenue amounts collected in advance of the year in which earned are reported in the amount of \$34,332,000 within the internal service funds included in governmental activities. Total unearned revenue for enterprise funds is \$944,000 which includes \$388,000 from the State Lottery Fund and \$556,000 from the Petroleum Storage Tank Insurance Fund. These amounts are included in the business-type activities.

Fiduciary Funds

Unearned revenue amounts collected in advance of the year in which earned are reported in the amount of \$5,314,000 within the pension (and other employee benefits) trust funds.

Component Units

Unearned revenue amounts collected in advance of the year in which earned are reported in the amount of \$114,731,000 within the college and universities and \$1,964,000 in non-major component units which is a total of \$116,695,000 of unearned revenue for component units.

K. Long-Term Debt

Long-term liabilities that will be financed from governmental funds are not reported on the fund financial statements. However, the long-term liabilities are reported on the government-wide financial statements. The reconciliation between fund financial statements and government-wide financial statements includes a line item for the long-term liabilities of governmental funds. These long-term liabilities include the following:

1. Due to Other Entities includes outstanding principal on advances from other governments and contractual obligations to other governments. The expenditures are recorded in the appropriate governmental funds when the liability is paid (see *Note 11*).
2. Outstanding principal for general obligation debt. The expenditure for payment of principal and interest for general obligation debt is recorded in the debt service funds when paid (see *Note 12*).

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

3. Outstanding principal for bonds issued by the Board of Public Buildings, bonds issued by the Health and Educational Facilities Authority, the Regional Convention and Sports Complex Authority, and the State Road Bonds issued by the Missouri Highways and Transportation Commission. The expenditure for payment of principal and interest for these bonds is recorded in the appropriate governmental funds when paid (see *Note 12*).
4. Bond premiums are deferred and amortized over the life of the bonds using the effective interest rate method in the government-wide financial statements. Bonds payable are reported net of the applicable bond premium.

In the fund financial statements, governmental fund types recognize bond premiums during the current period. Premiums on debt issuances are reported as other financing sources (see *Note 11*).

5. Obligations under lease/purchases reported include the present value of net minimum future lease payments, which will be paid from the General Fund, various special revenue funds, proprietary funds, and the Missouri Road Fund (see *Notes 6 and 11*).
6. Pollution remediation liabilities are measured based on the pollution remediation outlays expected to be incurred to settle those liabilities. These liabilities include all remediation work that the State expects to perform, including work expected to be performed for other responsible parties or potentially responsible parties, whether or not the State is required to do that work. For goods or services used for pollution remediation activities, amounts that are normally expected to be liquidated with expendable available financial resources are recognized as liabilities upon receipt of those goods and services (see *Note 11 and 22*).
7. Compensated absences include accumulated unpaid vacation and compensatory time accruals and related employer payroll taxes. These amounts are not accrued in the governmental funds but are recorded as expenditures when paid (see *Note 11*).

Vacation leave is accumulated at a rate of 10 to 14 hours per month depending on the number of years of employment. Accumulated vacation leave cannot exceed twice the number of vacation hours earned annually. Compensatory time is accumulated as earned by an individual employee.

Sick leave is accumulated at a rate of 10 hours per month with no limit to the amount which can be accumulated. Accumulated sick leave is not paid upon employee termination and does not represent a liability of the State.

8. Claims and contingent liabilities include estimates of the risk of loss related to tort liability, general liability, motor vehicle liability, contractor liability, and injuries to employees. These liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Expenditures are recorded in the fund from which the liability is paid (see *Notes 11, 21, and 23*).
9. The State provides postemployment health care and life insurance benefits to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the MoDOT and MSHP Medical and Life Insurance Plan (MHPML), and the Conservation Employees' Insurance Plan (CEIP). Health care benefits and MOSERS life insurance benefits are funded through both employer and employee contributions. The annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC) of the employer (see *Note 8*).

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

10. The State has two major retirement systems which cover substantially all State employees. These systems are Missouri State Employees' Retirement System (MOSERS) and Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS). The Missouri State Employees' Plan (MSEP) and the Judicial Plan are single-employer defined benefit public employees' retirement plans administered by MOSERS. The annual required contribution (ARC) was determined as a part of an actuarial valuation of the Systems using the entry age normal actuarial cost method (see *Note 7*).

Long-term liabilities of all proprietary, pension (and other employee benefit) trust, and private-purpose trust funds are accounted for in the respective funds.

L. Net Assets

Net Assets are reported in three categories:

Invested in Capital Assets, Net of Related Debt – An account used to segregate the portion of net assets attributable to capital assets and related debt. It consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes and other debt that are attributed to acquisition, construction, or improvement of those assets.

Restricted Net Assets – An account used to segregate the portion of net assets that have constraints on their use, which are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through enabling legislation.

Enabling legislation authorizes the State to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. At June 30, 2012, net assets restricted by enabling legislation equaled \$522,434,000 for governmental activities.

Unrestricted Net Assets – An account used to segregate the portion of net assets that does not meet the definition of the two preceding categories.

When both restricted and unrestricted resources are available for use, generally the State uses restricted resources first, then unrestricted resources as they are needed. However, there may be instances in which restricted funds may only be spent in proportion to unrestricted funds spent.

M. Revenues

The revenues of the General Fund include federal grants and contributions of \$9,815,787,000. Revenues for all funds are reported net of refunds of \$2,071,081,000.

N. Interfund Transactions

During the fiscal year the State incurs various transactions between funds, including expenditures and transfers of resources to distribute interest earnings, finance operations, provide services, service debt, and acquire capital assets. Interfund transactions basically consist of these three types:

1. Transactions that would be treated as revenues or expenditures/expenses, if they involved organizations external to the State, are similarly treated when involving other funds of the State. Major transactions that fall into this category include payments to internal service funds from other funds for services rendered and to agency funds for contributions for employee benefits.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 1 – Significant Accounting Policies (cont.)

2. Transactions that reimburse another fund for an expense reduce the expenses of the fund that is being reimbursed and increase the expenses for the fund doing the reimbursement. Therefore, they are not shown on the face of the statements.
3. Operating subsidies and transfers from funds receiving revenues to funds through which the resources are to be expended are classified as transfers (see *Note 16*). These transactions are eliminated on the face of the financial statements if the transfer in and transfer out are either both in governmental funds or both in enterprise funds. Of the remaining transfers, any transfers in and transfers out that are within the same activity (Governmental) are eliminated at the Government-Wide Statement of Activities.

O. Expenditures and Expenses

Expenditures and expenses are reported net of revenue over collections of \$1,450,337,000 and \$606,000, respectively. Expenditures and expenses are reported net of overpayments to vendors, individuals, school districts, and for cost reimbursements of \$618,914,000 and \$1,224,000, respectively.

P. Property Taxes

Presently there is a state property tax of three cents on each hundred dollars assessed valuation on all real estate and personal property. The tax collected is deposited into the Blind Pension Fund, which is a component of social assistance.

The property taxes in Missouri are levied by October 31 of each year on assessed valuation as of January 1 of that year. Property taxes are due and payable by December 31 and penalties on unpaid taxes are imposed after that date. Assessed values are established by each county assessor's office and are calculated as a percent of market value except for agricultural land which is calculated on productive capability. The percentage for real property varies according to use: residential at 19%, commercial at 32%, and agricultural at 12%. Personal property is assessed according to type with the majority at 33 1/3% of market value.

Note 2 – Reporting Changes and Classifications

The State of Missouri implemented the following new accounting standard issued by the Governmental Accounting Standards Board (GASB) for the fiscal year ending June 30, 2012:

- GASB Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions—an amendment of GASB Statement No. 53*, which clarifies the circumstances in which hedge accounting should continue when a swap counterparty, or a swap counterparty's credit support provider is replaced. This statement affects the disclosures found in *Note 3 – Deposits and Investments*.

The State of Missouri has reclassified the Breast Cancer Awareness Trust Fund from a special revenue fund to an agency fund as the contributions to this fund are temporarily held by the State Treasurer to be deposited into the Public Health Services Fund to support breast cancer awareness activities.

The Missouri Propane Gas Commission was reclassified from a blended component unit to a related organization upon re-evaluation as this is a legally separate entity, body corporate and politic, with a voting majority appointed by the Governor. The Commission is not subject to appropriation by the General Assembly and there is no financial benefit/burden relationship with the State.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 3 – Deposits and Investments

The State Treasurer maintains a cash and short-term investment pool that is used by substantially all state funds of the primary government. These funds do not include accrued interest. Certain organizational units are authorized to administer assets designated to their organization in a manner similar to the deposit and investment activities of the State as a whole. Summarized on the following page is the portfolio that represents the “Cash and Cash Equivalents,” “Investments,” “Restricted Assets – Cash and Cash Equivalents,” and “Restricted Assets – Investments” as reported at June 30, 2012.

A. Deposits

The State minimizes custodial credit risk by restrictions set forth in state law and stipulations in the State Treasurer’s Office Investment Policy. Custodial credit risk is risk that, in the event of the failure of a depository financial institution, the State will not be able to recover deposits or will not be able to recover collateralized securities that are in the possession of an outside party. Statutes restrict the State Treasurer to deposit funds in financial institutions that are physically located in Missouri, which are selected based on financial stability and community involvement. The financial institution’s loan to deposit ratio must exceed 50% at the time of deposit and deposits must be collateralized at least 100% with approved securities. Deposits must have a maturity of five years or less and earn interest at varying rates based on State law.

Primary Government

At June 30, 2012, the bank balance of the primary government’s deposits was \$892,903,000. Of the bank amount, \$35,922,000 was exposed to custodial credit risk by being uninsured and collateralized with securities held by the pledging financial institution.

Fiduciary

At June 30, 2012, the bank balance of the deposits of the fiduciary funds was \$2,646,000. None of these deposits were exposed to custodial credit risk.

Component Units

Information on the component units deposits is available within their individual financial statements.

B. Investments

Statutes authorize the State Treasurer to invest in U.S. Treasury or Agency securities maturing within five years, commercial paper and banker’s acceptances maturing within 180 days, or in repurchase agreements maturing within 90 days secured by U.S. Treasury or Agency securities of any maturity. The internal service funds, the agency and pension (and other employee benefit) trust funds, and the component units, in accordance with statutory authority, invest primarily in U.S. government securities, repurchase agreements, preferred and common stocks, bonds, real estate, and fixed income securities. There have been no violations of these investment restrictions during fiscal year 2012.

The State Treasurer minimizes credit risk, the risk of loss due to the failure of the security issuer or backer, by establishing a pre-approved list of financial institutions and companies that will be used to purchase commercial paper. The State Treasurer also conducts regular credit monitoring, pre-qualifies the financial institutions and brokers/dealers with which the Treasurer’s Office will do business for broker services and repurchase agreements, and diversifies the portfolio to reduce potential losses on individual securities.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 3 – Deposits and Investments (cont.)

Custodial credit risk is the risk that, in the event of failure of the counterparty to a transaction, the State will not be able to recover the value of their investment or collateral securities that are in the possession of an outside party. The State Treasurer minimizes custodial credit risk by requiring that all securities be held in the State's name at the State's custodial bank, Bank of New York.

Primary Government

At June 30, 2012, the reported amount of the primary government's investments was \$3,209,729,000. Of this amount, \$56,798,000 was exposed to custodial credit risk because it was uninsured and unregistered with securities held by the State's counterparty.

Fiduciary

At June 30, 2012, the reported amount of the fiduciary funds investments was \$11,358,263,000.

Component Units

Information on the component units investments is available within their individual financial statements.

The following table (in thousands of dollars) provides information about the interest rate risks associated with the State's investments. The investments include certain short-term cash equivalents, various long-term items, and restricted assets by maturity, or in certain instances, a weighted average maturity in years. The State Treasurer minimizes the risk of the market value of securities falling due to changes in interest rates by maintaining an effective duration of less than 2.5 years, and holding at least 25% of the portfolio's total market value in securities with a maturity of 12 months or less.

The State minimizes concentration of credit risk, the risk attributed to the magnitude of an investment in a single issuer. State statute prohibits the State Treasurer from investing more than 5% of the total investment portfolio into any single financial institution or issuer, excluding U.S. securities and repurchase agreements. There are no restrictions in the amount that can be invested in U.S. securities, however, there can be no more than 15% of the total portfolio invested in repurchase agreements with a single counterparty. During fiscal year 2012, the State did not have more than 5% of total investments in a single issuer.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 3 – Deposits and Investments (cont.)

The State Treasurer requires investments in commercial paper and bankers' acceptances to have the highest letter and numerical ranking (A1/P1) as rated by Moody's Investor Service, Inc. (Moody's) and Standard & Poor's Corporation (S & P). The Treasurer does not have any additional policies regarding credit ratings of investments. The following table (in thousands of dollars) provides information on the credit ratings associated with the State's investments in debt securities.

Note 3 – Deposits and Investments (cont.)

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The State Treasurer's Office does not have any deposits or investments in foreign currency and therefore does not have a policy regarding foreign currency risk. The Missouri State Employees' Retirement System and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System do have foreign currency deposits and investments which may be used for hedging purposes. The following table (in thousands of dollars) provides information on deposits and investments held in various foreign currencies, which are stated in U.S. dollars.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 3 – Deposits and Investments (cont.)

C. Securities Lending Program

State Treasurer's Office:

The Missouri State Treasurer's Office participates in a securities lending program to augment investment income. Authority to participate rests in Section 30.260.5, RSMo. As of December 2011, Citibank, National Association, began acting as the State Treasurer's custodial bank and securities lending agent. For securities which are received as collateral under a bonds borrowed program, at least 75% of the collateral received must match the maturities of the securities lent with a maximum duration gap between loans and investments of 15 days. The maximum life of term loans shall be 90 days.

Collateral may be in the form of cash, securities issued or guaranteed by the U.S. government or its agencies, or bank letters of credit or equivalent obligation if pre-approved by the State Treasurer's Office. Collateral must be provided in the amount of 102% of the then market value of the loaned securities and accrued interest, if any. The Custodian provides for full indemnification to the State Treasurer's Office for any losses that might occur in the program due to borrower default, insolvency, or failure to return loaned securities.

At June 30, 2012, the State Treasurer's Office had an aggregate fair value of securities lent of \$99,096,000 and an aggregate fair value of collateral received of \$99,096,000.

Missouri State Employees' Retirement System:

The Missouri State Employees' Retirement System's (MOSERS) board of trustees' investment policies permit the pension trust funds to participate in a securities lending program. Certain securities of the pension trust funds are loaned to participating brokers who provide collateral in the form of cash, U.S. Treasury or government agency securities, or letters of credit issued by approved banks. Collateral must be provided in the amount of 102% of market value for domestic loans and 105% of market value for international loans. MOSERS does not have the authority to pledge or sell collateral securities without borrower default. On June 30, 2012, MOSERS had no credit risk exposure to borrowers because the collateral amounts received exceeded amounts outstanding on loan.

Deutsche Bank AG, New York Branch served as the agent for the fixed income, domestic equity, and international equity securities lending programs. MOSERS reduces credit risk by allowing Deutsche Bank to lend these securities to a diverse group of dealers on behalf of MOSERS. Deutsche Bank provides indemnification against dealer default.

Daily monitoring of securities that are on loan ensure proper collateralization levels and mitigate counterparty risk. The majority of the security loans are open loans and can be terminated on demand by either MOSERS or the borrower. Cash collateral is invested in short-term investment funds, managed by Deutsche Bank. On June 30, 2012, the cash collateral fund had a market value of \$692,477,000 and a weighted average maturity of 1 day. At June 30, 2012 and June 30, 2011, MOSERS had earned \$1,537,000 and \$1,534,000, respectively, on the securities lending program.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 3 – Deposits and Investments (cont.)

Missouri Department of Transportation and Highway Patrol Employees' Retirement System:

In accordance with the investment policies set by the board of trustees, the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (the System), lends its securities to broker-dealers and banks pursuant to a form of loan agreement. The System's custodial bank is authorized to lend available securities to approved broker-dealers and banks subject to the receipt of acceptable collateral.

During the fiscal year, the System lent securities and received cash, securities insured or guaranteed by the U.S. government or its agencies, and irrevocable bank letters of credit as collateral. The System cannot pledge or sell non-cash collateral unless a borrower defaults. Borrowers were required to deliver collateral for each loan equal to: 1) in the case of loaned securities denominated in dollars or whose primary trading market was located in the United States, 102% of the market value of the loaned securities plus any accrued interest; and 2) in the case of loaned securities not denominated in U.S. dollars or whose primary trading market was not located in the United States, 105% of the market value of the loaned securities plus any accrued interest.

The System did not impose any restrictions during the fiscal year on the amount of the loans that the custodial bank made on its behalf. There were no known failures by any borrowers to return loaned securities or pay distributions thereon during the year.

The System and borrowers maintained the right to terminate all securities lending transactions on demand. At June 30, 2012, the cash collateral fund had a market value of \$57,497,000.

At June 30, 2012 and June 30, 2011, the System had earned \$210,000 and \$110,000, respectively, on the securities lending program.

Component Units:

Information on the component units securities lending program is available within their individual financial statements.

D. Derivatives

Missouri State Employees' Retirement System (MOSERS), through its external investment managers, has an investment policy which holds investments in futures contracts, swap contracts, and forward foreign currency exchange contracts. MOSERS does not anticipate additional significant market risk from the swap arrangements. The forward foreign currency exchange contracts are used primarily to hedge against changes in exchange rates related to foreign equities. MOSERS could be exposed to risk if the counterparties to the contracts are unable to meet the terms of the contracts. MOSERS anticipates that the counterparties will be able to satisfy their obligation as credit evaluations and credit limits are monitored by the investment managers. MOSERS also invests in mortgage-backed securities to diversify the portfolio and increase the return while minimizing the extent of risk. At June 30, 2012, MOSERS Foreign Currency Forward Contracts had a pending receivable of \$130,082,000 and a pending payable of \$130,583,000 resulting in a final liability of \$501,000.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 3 – Deposits and Investments (cont.)

The following table (in thousands of dollars) summarizes the various contracts in MOSERS portfolio as of June 30, 2012. The investments are reported at fair value and are included on the Statement of Fiduciary Net Assets of the pension (and other employee benefit) trust funds.

Futures Contracts:

<u>Notional Amount</u>	<u>Exposure</u>
\$ 1,132,000	\$ 12,000

Swaps:

<u>Notional Amount</u>	<u>Counterparty Exposure</u>
\$ 1,220,000	\$ 13,000

Component Units:

Information on the component units derivatives is available within their individual financial statements.

Note 4 – Governmental Fund Balance

A. Governmental Fund Balance Classifications

The State's fund balances are classified as:

Nonspendable – Amounts that are not expected to be converted to cash or amounts that are legally or contractually required to be maintained intact.

Restricted – Amounts that are restricted for specific purpose due to constraints that are externally imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts that can only be used for specific purposes pursuant to constraints imposed by a formal action of the legislature.

Assigned – Amounts that are constrained by the legislature's intent to be used for a specific purpose, but do not meet the criteria for restricted or committed.

Unassigned – Amounts that do not meet the criteria of any of the classifications listed above.

STATE OF MISSOURI

B. Negative Fund Balance

A negative fund balance is prohibited in all fund balance classifications except Unassigned. When a negative fund balance exists, the shortfall would be covered by the next fund balance classification for that specific purpose.

C. Budget Reserve Fund

The Budget Reserve Fund is established in Article IV, Section 27(a) of the Missouri Constitution. The Commissioner of Administration may transfer amounts from the Budget Reserve Fund to any other fund when necessary to meet the cash requirements of the State. However, the Budget Reserve Fund must be paid back with interest prior to May 16th of the fiscal year in which the transfer was made.

Budget stabilization expenditures may occur in a fiscal year in which the governor reduces the expenditures of the State or any of its agencies below their appropriation or in which there is a budget need due to a natural disaster as proclaimed by the governor to be an emergency. An appropriation from the Budget Reserve Fund may be granted by a two-thirds vote of the members elected to each house. The maximum amount which may be appropriated at any one time for budget stabilization purposes is one-half the sum of the balance of the Budget Reserve Fund and any amounts appropriated or otherwise owed to the fund, less all amounts owed to the fund for budget stabilization purposes but not yet appropriated for repayment to the fund. One-third of the amount expended or transferred from the Budget Reserve Fund for budget stabilization purposes plus interest shall stand appropriated to the Budget Reserve Fund during each of the next three fiscal years from the fund which received the budget stabilization appropriation. The balance of the Budget Reserve Fund at June 30, 2012, was \$499,049,000.

Capital Assets, Net	\$ 4,595,996	\$ 73,695	\$ 4,669,691

Capital Assets Impairment

Due to lack of funding, software development for projects Health Insurance Rate Review System (HIRRS) and IEP System for State School Severely Handicapped (SSSHI) have stopped. The impairment for project HIRRS and SSSH is \$13,000 and \$33,000, respectively. These would be reported as a program expense in the government-wide financial statements.

Due to flooding, many state park buildings were physically damaged. The impairment amount of \$120,000 and \$224,000 would be reported as a special item in the government-wide Statement of Activities and in the proprietary Statement of Revenues, Expenses, and Changes in Fund Net Assets, respectively.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 6 – Leases

Capital

The State has entered into various agreements to lease land, buildings, and equipment. FASB Statement No. 13, *Accounting for Leases*, requires a lease that transfers substantially all of the benefits and risks of ownership to the lessee to be accounted for as the acquisition of a capital asset and the incurrence of an obligation by the lessee (a capital lease).

Capital leases for the internal service funds, enterprise funds, college and universities, and non-major component units are reported as a long-term obligation in those funds along with the related assets. Capital leases and the related assets are not reported on the fund financial statements of governmental type funds. However, the capital leases and related assets of governmental funds are included on the government-wide financial statements and they are shown on the reconciliation between fund financial statements and government-wide statements.

Following is a summary of the future minimum lease payments for capital leases (in thousands of dollars):

Fiscal Year Ending June 30	Governmental Funds	Internal Service Funds	Enterprise Funds	College and Universities	Non-Major Component Units
2013	\$ 9,980	\$ 4,044	\$ 85	\$ 5,876	\$ 3
2014	9,894	3,970	72	5,875	3
2015	9,868	3,926	67	5,875	3
2016	8,584	3,204	67	5,869	3
2017	8,423	1,993	67	5,801	3
2018–2022	29,472	428	6	23,465	1
2023–2027	1,567	---	---	10,950	---
Total Minimum Lease Payments	77,788	17,565	364	63,711	16
Less Amount Representing Interest	(8,621)	(867)	(8)	(15,099)	(1)
Present Value of Net Minimum Lease Payments	\$ 69,167	\$ 16,698	\$ 356	\$ 48,612	\$ 15

The State has entered into a lease with the Missouri Development Finance Board. The State's obligation under the lease does not constitute a general obligation or other indebtedness of the State. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the Leasehold Revenue Bonds issued by the Board. In November 2005, the Board issued \$28,995,000 of Leasehold Revenue Bonds Series 2005 for the purpose of purchasing buildings in Florissant, St. Louis, and Jennings. In May 2006, the Board issued \$9,865,000 of Leasehold Revenue Bonds Series 2006 for the purpose of purchasing one building in St. Louis. The payments on this lease are subject to annual appropriation by the State legislature.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 6 – Leases (cont.)

Following is a summary of the future minimum lease payments to pay interest and principal of the Leasehold Revenue Bonds (in thousands of dollars):

<u>Fiscal Year Ending June 30</u>	<u>Internal Service Funds</u>
2013	\$ 2,602
2014	2,593
2015	2,593
2016	2,592
2017	2,579
2018–2022	12,878
2023–2027	12,843
2028–2032	<u>10,266</u>
Total Minimum Lease Payments	48,946
Less Amount Representing Interest	<u>(16,166)</u>
Present Value of Net Minimum Lease Payments	<u>\$ 32,780</u>

Series A 2005 Refunding Certificates of Participation dated March 1, 2005, in the amount of \$120,490,000 refunded \$13,945,000 of Missouri Public Facilities Corporation Certificates of Participation (Acute Care Psychiatric Hospital Project) Series A 1994, \$13,400,000 of Missouri PRC Corporation Certificates of Participation (Psychiatric Rehabilitation Center Project) Series A 1995, \$9,915,000 of Northwest Missouri Public Facilities Corporation Certificates of Participation (Northwest Missouri Psychiatric Rehabilitation Center Project) Series B 1995, and \$83,480,000 of Missouri Public Facilities Corporation II Certificates of Participation (Bonne Terre Prison Project) Series A 1999. The State issued Refunding Certificates of Participation Series A 2011 dated June 7, 2011, in the amount of \$76,910,000. The Refunding Certificates of Participation refunded \$76,065,000 of Series A 2005 Refunding Certificates of Participation.

The State's obligation under these leases does not constitute a general obligation or other indebtedness of the State. The certificates of participation represent proportionate ownership interests of the certificate holders in the lease agreement. The certificates do not constitute a pledge of the full faith and credit of the State. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificate, and are subject to annual appropriation by the State legislature.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 6 – Leases (cont.)

Following is a summary of the future minimum lease payments for the Certificates of Participation (in thousands of dollars):

<u>Fiscal Year Ending June 30</u>	<u>Governmental Funds</u>
2013	\$ 1,307
2014	12,984
2015	13,666
2016	13,666
2017	13,666
2018–2019	<u>27,334</u>
Total Minimum Lease Payments	<u>82,623</u>
Less Amount Representing Interest	<u>(5,713)</u>
Present Value of Net Minimum Lease Payments	<u><u>\$ 76,910</u></u>

Assets acquired through these capital lease agreements are recorded as capital assets at the lower of the present value of the minimum lease payments or the fair value at the time of acquisition. The following is the value of the property under capital lease by asset category as of June 30, 2012 (in thousands of dollars):

	<u>Governmental Funds</u>	<u>Internal Service Funds</u>	<u>Enterprise Funds</u>	<u>College and Universities</u>	<u>Non-Major Component Units</u>
Buildings	\$ 233,321	\$ 43,162	\$ ---	\$ 8,332	\$ 19
Equipment	<u>5,429</u>	<u>27,048</u>	<u>510</u>	<u>52,825</u>	<u>--</u>
	<u><u>\$ 238,750</u></u>	<u><u>\$ 70,210</u></u>	<u><u>\$ 510</u></u>	<u><u>\$ 61,157</u></u>	<u><u>\$ 19</u></u>

Operating

The State has entered into various operating leases for land, buildings, and equipment. Most of these leases are classified as operating because the lease period is one year with multiple renewal options. Future minimum commitments due under operating leases as of June 30, 2012, were as follows (in thousands of dollars):

<u>Fiscal Year Ending June 30</u>	<u>Governmental Funds</u>	<u>Enterprise Funds</u>	<u>Component Units</u>
2013	\$ 25,623	\$ 3,569	\$ 6,754
2014	1,086	3,569	5,273
2015	1,080	3,396	3,221
2016	1,004	49	2,414
2017	771	---	1,640
2018–2022	<u>1,966</u>	<u>---</u>	<u>16</u>
Total Minimum Commitments	<u><u>\$ 31,530</u></u>	<u><u>\$ 10,583</u></u>	<u><u>\$ 19,318</u></u>

Expenditures for rent under operating leases for the years ended June 30, 2012 and June 30, 2011 were \$54,042,000 and \$51,028,000, respectively.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 6 – Leases (cont.)

Rental Revenue

The State leases certain state owned facilities to entities outside the State. These lessor arrangements are generally long-term commitments which either generate revenue from otherwise idle property or better serve Missouri's citizens by providing convenient access to products and services. The total asset value of the leased facilities is \$3.6 million for primary government and \$83.3 million for component units. The Department of Natural Resources (DNR) has \$9,000 in income from easements on DNR property. This income will be received in perpetuity. The contract conditions and amount for each individual easement can change with the sale of the property requiring the easement. New contracts will be negotiated with new property owners. Future minimum receivables, payable from lessor arrangements as of June 30, 2012, were as follows (in thousands of dollars):

Fiscal Year Ending June 30	Primary Government	Component Units
2013	\$ 186	\$ 3,651
2014	---	3,474
2015	---	3,583
2016	---	3,612
2017	---	3,617
2018-2022	---	15,895
2023-2027	---	14,137
2028-2032	---	13,231
2033-2037	---	13,602
2038-2042	---	12,157
2043-2047	---	5,066
2048-2052	---	2,112
2053-2057	---	1,788
2058-2062	---	1,767
2063-2067	---	500
2068-2072	---	500
2073-2077	---	500
2078-2082	---	500
2083-2087	---	500
2088-2092	---	450
Total Minimum Receivables	<u>\$ 186</u>	<u>\$ 100,642</u>

Note 7 – Retirement Systems

The State has two major retirement systems which cover substantially all state employees. These systems are Missouri State Employees' Retirement System (MOSERS) and Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS). The University of Missouri's Retirement Plan is included because the University is a component unit of the State. The Public School Retirement System of Missouri is included in this note disclosure as the State contributes to it.

Plan Descriptions

The Missouri State Employees' Plan (MSEP) and the Judicial Plan are single-employer defined benefit public employees' retirement plans administered by MOSERS. The Plans are administered in accordance with Sections 104.010 and 104.312–104.1215, and 476.445–476.690, RSMo, respectively.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 7 – Retirement Systems (cont.)

The MSEP has three benefit structures known as MSEP (closed plan), MSEP 2000, and MSEP 2011. The MSEP covers all full-time employees hired before July 1, 2000, who are not covered under another state-sponsored retirement plan. MSEP 2000 covers all full-time employees hired on or after July 1, 2000 and before January 2011. MSEP 2011 covers all full-time employees first hired on or after January 1, 2011. Members of the closed plan have the option at retirement to choose between the benefit structure of the MSEP or MSEP 2000.

The Judicial Plan covers eligible members appointed/elected before January 1, 2011. The Judicial Plan 2011 covers eligible members appointed/elected for the first time on or after January 1, 2011.

MOSERS provides retirement, survivor, and disability benefits to its members. Employees covered by the MSEP and the MSEP 2000 plans are fully vested after 5 years of creditable service (4 years for elected officials and either 4 or 6 years for legislators). Employees covered by the MSEP 2011 plan are fully vested after 10 years of creditable service. The retirement eligibility requirements are as follows:

MSEP

Age 65 and active with 4 years of service
Age 65 with 5 years of service
Age 60 with 15 years of service
Age 48 with age and service equaling 80 or more (Rule of 80)
Employees may retire early at age 55 with at least 10 years of service with reduced benefits.

Judicial Plan

Age 62 with 12 years of service
Age 60 with 15 years of service
Age 55 with 20 years of service
Employees may retire early at age 62 with less than 12 years of service or age 60 with less than 15 years of service with a reduced benefit that is based upon years of service relative to 12 or 15 years.

MSEP 2000

Age 62 with 5 years of service
Age 48 with age and service equaling 80 or more (Rule of 80)
Employees may retire early at age 57 with at least 5 years of service with reduced benefits.

Judicial Plan 2011

Age 67 with 12 years of service
Age 62 with 20 years of service
Employees may retire early at age 67 with less than 12 years of service with reduced benefits or age 62 with less than 20 years of service with a reduced benefit based on years of service.

MSEP 2011

Age 67 with 10 years of service
Age 55 with age and service equaling 90 or more (Rule of 90)
Employees may retire early at age 62 with at least 10 years of service with reduced benefits.

For members hired prior to August 28, 1997, cost of living adjustments (COLAs) are provided annually based on 80% of the percentage increase in the average Consumer Price Index (CPI) from one year to the next, with a minimum rate of 4% and a maximum rate of 5%, until the cumulative amount of COLAs equals 65% of the original benefit, thereafter the 4% minimum rate is eliminated. For members hired on or after August 28, 1997, COLAs are provided annually based on 80% of the percentage increase in the average CPI from one year to the next, up to a maximum rate of 5%. Qualified, terminated-vested members of MSEP and the Judicial Plan may make a one-time election to receive the present value of their benefit in a lump sum payment. To qualify, a member must have terminated with at least 5, but less than 10 years of service, be less than age 60, and have a benefit present value of less than \$10,000.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 7 – Retirement Systems (cont.)

The Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) is a single-employer defined benefit public employees' retirement system administered in accordance with Sections 104.010–104.1093, RSMo.

MPERS membership is composed of qualified employees of the Missouri Department of Transportation, uniformed and non-uniformed members of the Missouri State Highway Patrol, and MPERS staff.

MPERS provides retirement, survivor, and disability benefits to its members. The MPERS has three benefit structures known as the Closed Plan, the Year 2000 Plan, and the Year 2000 Plan–2011 Tier. Generally, the Closed Plan covers employees hired before July 1, 2000. The Year 2000 Plan generally covers employees hired on or after July 1, 2000 and before January 2011. The Year 2000 Plan–2011 Tier covers employees hired on or after January 1, 2011. Employees covered by the Closed Plan and the Year 2000 Plan are fully vested after 5 years of creditable service. Employees covered by the 2011 Tier are fully vested after 10 years of creditable service.

The retirement eligibility requirements are as follows:

Closed Plan

MoDOT and non-uniformed patrol members:

Age 65 and active with 4 or more years
of service
Age 65 with 5 or more years of service
Age 60 with 15 or more years of service
Age 48 with sum of age and service
equaling 80 or more (Rule of 80)

Uniformed patrol members:

Age 55 and active with 4 or more years
of service
Age 55 with 5 or more years of service
Age 48 with sum of age and service
equaling 80 or more (Rule of 80)
Mandatory retirement at age 60

All non-uniformed members may retire early with reduced benefits at age 55 with at least 10 years of service.

For members employed prior to August 28, 1997, cost of living adjustments (COLAs) are provided annually based on 80% of the change in the Consumer Price Index (CPI) with a minimum rate of 4% and a maximum rate of 5%, until the cumulative amount of COLAs equals 65% of the original benefit, thereafter the 4% minimum rate is eliminated. For members employed on or after August 28, 1997, COLAs are provided annually based on 80% of the increase in the CPI up to a maximum rate of 5%.

Year 2000 Plan

MoDOT and non-uniformed patrol members:

Age 62 with 5 or more years of service
Age 48 with sum of age and service
equaling 80 or more (Rule of 80)

Uniformed patrol members:

Age 48 with sum of age and service
equaling 80 or more (Rule of 80)
Mandatory retirement at age 60 with
5 or more years of service

All members may retire early with reduced benefits at age 57 with at least 5 years of service. COLAs are provided annually based on 80% of the change in the CPI up to a maximum rate of 5%.

Year 2000 Plan–2011 Tier

MoDOT and non-uniformed patrol members:

Age 67 with 10 or more years of service
Age 55 with sum of age and service
equaling 90 or more (Rule of 90)

Uniformed patrol members:

Age 55 and active with 10 or more years
of service equaling 80 or more (Rule of 80)
Mandatory retirement at age 60 with no
minimum service amount

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 7 – Retirement Systems (cont.)

Active MoDOT and non-uniformed patrol members may retire early with reduced benefits at age 62 with at least 10 years of service. Terminated and vested uniformed patrol members may retire at age 67 with 10 or more years of service. COLAs are provided annually based on 80% of the change in the CPI up to a maximum rate of 5%.

Funding Policy

MOSERS administers plans which cover substantially all State of Missouri employees. The State of Missouri is obligated by state law to make all required contributions to the MSEP (closed plan), MSEP 2000, MSEP 2011, and Judicial Plans. Beginning January 1, 2012, employee contributions of 4% of gross pay are required for those covered by the MSEP 2011 and Judicial Plan 2011. The actuarially determined contributions are expressed as a level percentage of covered payroll. Current year actuarially determined contribution rates for the MSEP and the Judicial Plan are 13.97% and 57.30%, respectively. Actual contribution rates are the same as the actuarially determined rates.

The State of Missouri makes required contributions to MPERS. Beginning January 1, 2012, employee contributions of 4% of gross pay are required for those covered by the Year 2000 Plan–2011 Tier. Current year calculated contribution rates are 58.63% for uniformed members of the Highway Patrol and 45.45% for non-uniformed members of the Highway Patrol and employees of the Missouri Department of Transportation. Actual contribution rates are the same as the actuarially determined rates.

Annual Pension Cost and Net Pension Obligation

The annual pension cost and net pension obligation for the current year were as follows (in thousands of dollars):

	<u>MSEP</u>	<u>Judicial Plan</u>	<u>MPERS</u>
Annual required contribution	\$ 263,374	\$ 26,325	\$ 164,880
Interest on net pension obligation	5,550	3,822	---
Actuarial adjustment to annual required contribution	(4,398)	(3,029)	---
Annual pension cost	264,526	27,118	164,880
Contributions made	(263,374)	(26,325)	(164,880)
Increase in net pension obligation	1,152	793	---
Net pension obligation, beginning of year	69,375	47,780	---
Net pension obligation, end of year	<u>\$ 70,527</u>	<u>\$ 48,573</u>	<u>\$ ---</u>

Funded Status and Funding Progress

The funded status of the Plans as of June 30, 2012, are as follows (in thousands of dollars):

	MSEP	Judicial Plan	MPERS
Actuarial Value of Assets	\$ 7,897,167	\$ 102,267	\$ 1,531,034
Actuarial Accrued Liability (AAL) Entry Age	\$ 10,793,652	\$ 413,333	\$ 3,306,279
Unfunded Actuarial Accrued Liability (UAAL)	\$ 2,896,484	\$ 311,066	\$ 1,775,245
Funded Ratio	73.2%	24.7%	46.3%
Covered Payroll	\$ 1,864,069	\$ 45,836	\$ 341,638
UAAL as a Percentage of Covered Payroll	155.4%	678.6%	519.6%

Actuarial Methods and Assumptions

The annual required contribution for MOSERS for the current year was determined as part of an actuarial valuation of the Systems as of June 30, 2010, using the entry age normal actuarial cost method. Significant actuarial assumptions used in the valuation for MOSERS include: a) rate of return on the investment of present and future assets of 8.5% per year compounded annually, b) projected salary increases of 4.0% per year annually, attributable to inflation, c) additional projected salary increases ranging from 0.3% to 3.5% per year for MSEP and 0% to 1.6% for the Judicial Plan, depending on age, attributable to seniority and/or merit, and d) the assumption that benefits will increase 4.0% per year after retirement.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 7 – Retirement Systems (cont.)

The actuarial valuation of the System dated June 30, 2012, will set the required contribution rates for the fiscal year ending June 30, 2014. The actuarial value of assets is based on a method that fully recognizes expected investment return and averages unanticipated market return over a 5-year period. The unfunded actuarial accrued liabilities are amortized on an open basis as a level percentage of payroll over 30 years.

The annual required contribution for MPERS for the current fiscal year was determined as part of an actuarial valuation as of June 30, 2010, using the entry age normal actuarial cost method. Significant actuarial assumptions used in the valuation for MPERS include: a) rate of return on the investment of 8.25% per year compounded annually, and b) projected wage inflation rate of 3.75%.

The actuarial valuation of MPERS dated June 30, 2012, will be used to determine the contribution rate for the Plan year ending June 30, 2014. The actuarial value of assets is based on a 3-year smoothed market value method. The total contribution is based on a 12-year closed amortization period for unfunded retiree liabilities and a 27-year closed amortization period for other unfunded liabilities.

Public School Retirement System of Missouri:

The State of Missouri also made employer contributions to the Public School Retirement System of Missouri which is a cost-sharing multiple-employer defined benefit public employees' retirement system. The System includes all public school districts within the State except for the two districts covering the major metropolitan areas. It also includes certain public college and universities and some state employees.

The benefit provisions include retirement annuities, death benefits, and disability benefits. A member is vested after acquiring five years of membership credit for Missouri service.

The System was created and is governed by Chapter 169 of the Revised Statutes of Missouri. State employees who elected to remain with the Public School Retirement System under Section 104.342, RSMo, are covered by the System.

Employees of the State are not required to contribute. The State, as employer, contributed \$3,013,000, \$3,458,000, and \$3,972,000 for the years ending June 30, 2012, 2011, and 2010, respectively, to the System, equal to the required contributions for each year.

Copies of the System's June 30, 2012, Comprehensive Annual Financial Report may be requested from:

Public School Retirement System of Missouri
P.O. Box 268
3210 West Truman Boulevard
Jefferson City, Missouri 65102-0268

College and Universities:

University of Missouri Retirement System

Plan Description

The University of Missouri Retirement, Disability, and Death Benefit Plan is a single-employer, defined benefit plan for all qualified employees. The University's Board of Curators establishes the terms of the Plan and administers it as authorized by State statute.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 7 – Retirement Systems (cont.)

Full-time employees vest in the Retirement Plan after five years of credited service and become eligible for benefits based on age and years of service. A vested employee who retires at age 65 or older is eligible for a lifetime annuity calculated at a certain rate times the credited service years times the compensation base (average consumption for the five highest consecutive salary years). The rate is 1.0% if the employee was hired after September 30, 2012. Vested employees who are at least age 55 and have ten years or more of credited service, or age 60 with at least five years of credited service may choose early retirement with a reduced benefit. However, if the employee retires at age 62 and has at least 25 years of credited service, the benefit is not reduced. At retirement, up to 30% of the retirement annuity can be taken in a lump sum payment; also the standard annuity can be exchanged for an actuarially-equivalent annuity.

Separate financial statements are not prepared for the Plan.

Detailed information concerning the Plan is presented in the University's 2012 financial report, which is publicly available. Copies of this report may be requested from:

University of Missouri System
Office of the Controller
1000 West Nifong, Building 7, Suite 300
Columbia, Missouri 65211

Funding Policy

The University's contributions to the Retirement Plan are equal to the actuarially determined employer contribution requirement, which averaged 7.2% of payroll for the year ended June 30, 2012. Employees are required to contribute 1% of their salary up to \$50,000 in a calendar year and 2% of their salary in excess of \$50,000. An actuarial valuation of the Plan is performed annually and the University's contribution rate is updated on July 1 at the beginning of the University's fiscal year, to the actuarially determined amount from the most recent valuation as of the preceding October 1. This actuarial valuation reflects the adoption of any Retirement Plan amendments during the previous fiscal year.

Annual Pension Cost and Net Pension Obligation

The annual pension cost and net pension obligation for the current year were as follows (in thousands of dollars):

	<u>University of Missouri System</u>

Funded Status and Funding Progress

The funded status of the Plan as of June 30, 2012, is as follows (in thousands of dollars):

	<u>Actuarial Valuation October 1, 2011</u>
Actuarial Value of Assets	\$ 2,828,697
Actuarial Accrued Liability (AAL) Entry Age	\$ 3,138,190
Unfunded Actuarial Accrued Liability (UAAL)	\$ 309,493
Funded Ratio	90.14%
Covered Payroll	\$ 1,031,891
UAAL as a Percentage of Covered Payroll	30.00%

Actuarial Methods and Assumptions

The annual required contribution for the University for the current fiscal year was determined as part of an actuarial valuation of the System as of October 1, 2011, using the entry age normal actuarial cost method. Significant actuarial assumptions used in the valuation include: a) assumed rate of return on investments of 8.0% per year, b) projected salary increases for academic and administrative employees averaging 5.3% per year, c) projected salary increases for clerical and service employees averaging 4.5% per year, and d) assumed no future retiree ad-hoc increases or cost of living adjustments.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 8 – Other Postemployment Benefits

In addition to the retirement benefits described in *Note 7*, the State provides postemployment health care and life insurance benefits, in accordance with State statutes, to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the MoDOT and MSHP Medical and Life Insurance Plan (MHPML), and the Conservation Employees' Insurance Plan (CEIP). The eligible number of retirees/long-term disability claimants for MCHCP, MHPML, and CEIP for health care benefits are approximately 18,973, 5,932, and 798, respectively. The eligible number of retirees/long-term disability claimants for MOSERS, MHPML, and CEIP for life insurance benefits are 21,026, 3,773, and 473, respectively. Health care benefits and MOSERS life insurance benefits are funded through both employer and employee contributions. MOSERS employer contribution rates are set by the Standard Insurance Company. MHPML and CEIP life insurance benefits are funded through employee contributions. MHPML and CEIP employer contribution rates are set by the Plans Board of Trustees and approved by their respective Commission. Employer contribution rates for MCHCP are set in accordance with Section 103.100, RSMo. Retiree contribution rates are established based on projected claims experience and funding provided by employer contributions. Insurance policies are purchased for life insurance benefits and are the liability of the insurance carrier. For fiscal year 2012, the State's contributions were 51.67% of the total (employer/employee) contributions made for other postemployment benefits.

During fiscal year 2012, the State contributed the following amounts (in thousands of dollars):

	<u>Health Care</u>	<u>Life Insurance</u>
MCHCP	\$ 57,090	\$ ---
MOSERS	---	1,808
MHPML	17,248	---
CEIP	2,569	---
 Total	 <u>\$ 76,907</u>	 <u>\$ 1,808</u>

During fiscal year 2012, the expenditures recognized by the State for (employer/employee) other postemployment benefits were as follows (in thousands of dollars):

	<u>Health Care</u>	<u>Life Insurance</u>
MCHCP	\$ 109,968	\$ ---
MHPML	38,749	---
CEIP	4,959	328
 Total	 <u>\$ 153,676</u>	 <u>\$ 328</u>

Funding Policy

The contribution requirements of MCHCP, MHPML, and CEIP are established and may be amended by the State legislature, Missouri Highways and Transportation Commission, and the Conservation Department Board of Trustees, respectively. The required contribution for MHPML and CEIP is based on an actuarial study and is financed on a pay-as-you-go basis. For fiscal year 2012, MCHCP, MHPML, and CEIP contributed \$57.1, \$28.6, and \$5.0 million, respectively.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 8 – Other Postemployment Benefits (cont.)

Annual OPEB Cost and Net OPEB Obligation

The MCHCP, MHPML, and CEIP annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45, *Accounting and Fiscal Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of MCHCP, MHPML, and CEIP annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the net OPEB obligation (in thousands of dollars):

	MCHCP	MHPML	CEIP
Annual required contribution	\$ 100,800	\$ 109,974	\$ 12,473
Interest on net OPEB contribution	9,023	13,512	976
Adjustments to annual required contribution	(6,394)	(17,642)	(813)
Annual OPEB cost	<u>103,429</u>	<u>105,844</u>	<u>12,636</u>
Contributions made	(57,090)	(28,577)	(4,966)
Increase in net OPEB obligation	46,339	77,267	7,670
Net OPEB obligation, beginning of year	<u>138,811</u>	<u>300,263</u>	<u>24,405</u>
Net OPEB obligation, end of year	<u>\$ 185,150</u>	<u>\$ 377,530</u>	<u>\$ 32,075</u>

The annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for fiscal year 2012 are as follows (in thousands of dollars):

	MCHCP			MHPML		
	Fiscal Year Ending			Fiscal Year Ending		
	<u>06/30/12</u>	<u>06/30/11</u>	<u>06/30/10</u>	<u>06/30/12</u>	<u>06/30/11</u>	<u>06/30/10</u>
Annual OPEB Cost (AOC)	\$ 103,429	\$ 101,678	\$ 95,334	\$ 105,844	\$ 109,285	\$ 110,385
Percentage of AOC Contributed	55.20%	52.47%	78.03%	27.00%	27.77%	27.49%

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 8 – Other Postemployment Benefits (cont.)

Funded Status and Funding Progress

The funded status of the Plans as of June 30, 2012, are as follows (in thousands of dollars):

	<u>MCHCP</u>	<u>MHPML</u>	<u>CEIP</u>
Actuarial Accrued Liability (AAL)	\$ 1,594,500	\$ 1,082,655	\$ 192,190
Less Actuarial Value of Plan Assets	83,599	---	---
Unfunded Actuarial Accrued Liability (UAAL)	<u>\$ 1,510,901</u>	<u>\$ 1,082,655</u>	<u>\$ 192,190</u>
Funded Ratio	5.24%	0.00%	0.00%
Covered Payroll	\$ 1,534,200	\$ 341,638	\$ 51,186
UAAL as a Percentage of Covered Payroll	98.48%	316.90%	375.47%

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the actuarial valuation for fiscal year ending June 30, 2012, MCHCP used the entry-age method while MHPML and CEIP used the projected unit credit cost method. The actuarial assumptions for MCHCP, MHPML, and CEIP include a 6.5%, 4.5%, and 4.0% discount rate, respectively. The projected annual health care cost trend rate for non-Medicare health care is 8.00% initially, then decreasing by 3/5% per year to an ultimate rate of 5.0%. The projected annual health care cost trend rate for Medicare health care is 8.5% initially, then decreasing by 7/10% per year to an ultimate rate of 5.0%. The UAAL is being amortized at a level dollar amount over an open basis, over a 30-year period.

College and Universities:

University of Missouri System

In addition to the retirement benefits described in Note 7, the University provides postemployment medical care, dental care, and life insurance benefits to eligible employees who retire from the University and to employees receiving long-term disability benefits. Currently, 6,552 retirees/long-term disability claimants meet the eligibility requirements. These postemployment benefits are funded through both employer and employee contributions. For fiscal year 2012, the University's contributions were 65.06% of the total (employer/employee) contributions made for other postemployment benefits.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 8 – Other Postemployment Benefits (cont.)

Currently, the number of retirees/long-term disability claimants participating in medical care, dental care, and life insurance are 5,217, 5,317, and 2,937, respectively. During fiscal year 2012, the University contributed \$25,477,000 for other postemployment benefits. The expenditures recognized by the University for (employer/employee) other postemployment benefits were \$36,766,000.

Funding Policy

In June 2008, the University established its OPEB Trust Fund, the assets of which are irrevocable and legally protected from creditors and dedicated to providing postemployment benefits in accordance with terms of the Plan. Previously, postemployment benefit costs other than long-term disability were funded on a current basis, and expenses were recorded on a pay-as-you-go basis. Long-term disability costs were recognized during the period in which the employee became eligible to receive disability benefits.

The University's OPEB Trust Fund does not issue a separate financial report, but is included in the University's financial report using the economic resources measurement focus and accrual basis of accounting. The University currently plans to contribute to the trust fund an amount that, in addition to the current year premium contributions, is sufficient to fund 50% of the annual required contribution (ARC).

Annual OPEB Cost and Net OPEB Obligation

The University's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the University's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the University's net OPEB obligation for fiscal year 2012 (in thousands of dollars):

	<u>University of Missouri System</u>
Annual required contribution	\$ 50,954
Interest on net OPEB obligation	4,790
Adjustment to annual OPEB obligation	(4,077)
Annual OPEB cost	<u>51,667</u>
Contributions made	(25,477)
Increase in net OPEB obligation	26,190
Net OPEB obligation (asset), beginning of year	83,306
Net OPEB obligation, end of year	<u>\$ 109,496</u>

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 8 – Other Postemployment Benefits (cont.)

The annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for fiscal year 2012 was as follows (in thousands of dollars):

	<u>University of Missouri System</u>		
	<u>Fiscal Year Ending</u>		
	<u>06/30/12</u>	<u>06/30/11</u>	<u>06/30/10</u>
Annual OPEB Cost (AOC)	\$ 51,667	\$ 60,935	\$ 52,765
Percentage of AOC Contributed	49.31%	49.63%	45.08%
Net OPEB Obligation	\$ 109,496	\$ 83,306	\$ 52,613

Funded Status and Funding Progress

The funded status of the Plan as of June 30, 2012, was as follows (in thousands of dollars):

	<u>University of Missouri System</u>
Actuarial Accrued Liability (AAL)	\$ 542,844
Less Actuarial Value of Plan Assets	<u>45,745</u>
Unfunded Actuarial Accrued Liability (UAAL)	<u>\$ 497,099</u>
 Funded Ratio	 8.43%
Covered Payroll	\$ 1,041,413
UAAL as a Percentage of Covered Payroll	47.73%

Actuarial Methods and Assumptions

In the July 1, 2011, actuarial valuation, University of Missouri System used the projected unit credit cost method. The actuarial assumptions for University of Missouri System included a 5.75% rate of return, net of administrative expenses. The projected annual health care cost trend rate is 5.0% to 9.0% initially, reduced by 0.5% decrements to an ultimate rate of 5.0%. The UAAL is being amortized at a level dollar amount over an open basis, level percent of pay, over a 30-year period.

Note 9 – Deferred Compensation

Missouri State Public Employees' Deferred Compensation Plan:

In accordance with Internal Revenue Code Section 457, the State offers all employees the opportunity to participate in the Missouri State Public Employees' Deferred Compensation Plan. Under the Plan, employees are permitted to defer a portion of their current salary until future years.

All amounts of compensation deferred under the Plan must be held in a trust, custodial account, or annuity contract for the exclusive benefit of Plan participants and their beneficiaries. Investments are managed by the Plan's trustee under one of several investment options, or a combination thereof. The choice between the investment option(s) available by the Plan is made by the participants.

Jefferson City, Missouri 65102-0209

Missouri State Public Employees' Deferred Compensation Incentive Plan:

The Plan was established by the Missouri State Public Employees' Deferred Compensation Commission in July 1995 pursuant to Section 401(a) of the Internal Revenue Code.

Under the Plan provisions, any employee of the State is eligible to participate in the Plan if he/she has been an employee of the State for at least 12 consecutive months preceding any employer contributions to the Plan, and is making continuous monthly deferrals of at least \$25 to the Missouri State Public Employees' Deferred Compensation Plan. The State, subject to appropriation, contributes \$25, \$30, or \$35 per month for each employee that meets these requirements based on employee contribution. As of March 2010, employer incentive (match) associated with the State of Missouri Deferred Compensation Plan was suspended until further notice. Participating employees are 100% vested.

The first employer contributions to the Plan were made in January 1996. The Plan receives contributions from employees as well as rollovers from other qualified plans. During fiscal year 2012, rollover contributions to ICMA-RC were \$35,842,000 and employer contributions to ICMA-RC were \$2,000.

Copies of the Plan's financial statements may be requested from:

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 12 – Bonds Payable

Bonds are long-term liabilities and are reconciling items from governmental fund financial statements to government-wide financial statements. On the Government-Wide Statement of Net Assets, the long-term liabilities are shown as the amounts due within one year from the date of the statement and the amounts due in more than one year from the date of the statement.

General Obligation Bonds:

The Board of Fund Commissioners of the State of Missouri, upon voter approval and subsequent authorization of the General Assembly, issues general obligation bonds that are secured by a pledge of the full faith, credit, and resources of the State. The principal and interest amounts are transferred one year in advance from the General Fund or other funds to the debt service funds from which principal and interest payments are made. Four types of general obligation bonds are currently outstanding. Proceeds from the Water Pollution Control Bonds were used to provide funds for the protection of the environment through the control of water pollution. Proceeds from the Third State Building Bonds were used to provide funds for improvements of state buildings and property. Proceeds from the Fourth State Building Bonds were used to provide funds for improvements of buildings and property of higher education institutions, Department of Corrections, and the Division of Youth Services. Proceeds from the Stormwater Control Bonds were used to provide funds to protect the environment through the control of stormwater.

To take advantage of lower interest rates, the Board of Fund Commissioners has issued bonds to refund various outstanding bond issues. The following indicates the refunding bonds issued by the Board (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Water Pollution Control Bonds:				
Series A 1987–Refunding	8/1/87	\$ 49,715	A 1981 B 1983 A 1985	\$ 16,940 9,625 19,575

The additional principal amount of the refunding bonds does not decrease the amount of the authorization.

As of June 30, 2012, \$594,494,240 of the Water Pollution Control Bonds; \$600,000,000 of the Third State Building Bonds; \$250,000,000 of the Fourth State Building Bonds; and \$45,000,000 of the Stormwater Control Bonds have been issued. The remaining authorization for the Water Pollution Control Bonds is \$130,505,760 and for Stormwater Control Bonds is \$155,000,000. There is no remaining authorization for the Third State Building Bonds or the Fourth State Buildings Bonds.

STATE OF MISSOURI

Note 12 – Bonds Payable (cont.)

Other Bonds:

The Board of Public Buildings of the State of Missouri, upon the approval of the General Assembly, issues revenue bonds for building projects and commits state agencies to lease space in these buildings. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds, maintain certain required reserves, and to pay the costs of operations. The total amount authorized for the Board equals \$945,000,000.

To take advantage of lower interest rates, the Board of Public Buildings has issued bonds to refund various outstanding bond issues. The following indicates the refunding bonds issued by the Board (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Board of Public Buildings:

The Missouri Health and Educational Facilities Authority (MOHEFA) issued \$35,000,000 of Educational Facilities Revenue Bonds (University of Missouri–Columbia Arena Project) Series 2001, dated November 1, 2001, to fund the design, acquisition, construction, furnishing, and equipping of a sports arena facility and related facilities on the University of Missouri–Columbia campus. The Missouri Health and Educational Facilities Authority (MOHEFA) issued \$20,125,000 of Educational Facilities Refunding Revenue Bonds Series 2011, dated November 17, 2011. The Refunding Educational Facilities Revenue bonds refunded \$22,770,000 of Educational Facilities Revenue Bonds Series 2001. These bonds are limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the State. However, under a financing agreement, the Office of Administration will request that the Governor's annual budget request to the General Assembly include the State's financing amount for principal and interest each year.

The Educational Facilities Revenue Bonds issued and outstanding as of June 30, 2012, were as follows (in thousands of dollars):

Educational Facilities Revenue Bonds:	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
Series 2011–Refunding	2.0 – 5.0%	4/1; 10/1	11/11	10/1/21	\$ <u>20,125</u>	\$ <u>20,125</u>

As of June 30, 2012, the debt service requirement of the State for principal and interest in future years for the Educational Facilities Revenue Bonds (based on the financing agreement between the State and the Authority) were as follows (in thousands of dollars):

Note 12 – Bonds Payable (cont.)

The Regional Convention and Sports Complex Authority issued \$132,910,000 of Convention and Sports Facility Project Bonds Series A 1991, dated August 15, 1991, to finance the costs of acquiring land and constructing a multi-purpose convention and indoor sports facility in downtown St. Louis, Missouri. On December 15, 1993, the Authority issued \$121,705,000 of Convention and Sports Facility Project Refunding Bonds Series A 1993 for the purpose of refunding the callable portions of the outstanding bonds issued in August 1991 and to pay the costs of additions and enhancements to the project. The outstanding principal amount refunded was \$101,410,000. On August 1, 2003, the Authority issued \$116,030,000 of Convention and Sports Facility Project Refunding Bonds Series A 2003 for the purpose of refunding Convention and Sports Facility Project Bonds Series A 1991 and Series A 1993 refunding bonds and to pay the costs of additions and enhancements to the project. The outstanding principal amount refunded was \$2,845,000 for the Series A 1991 bonds and \$113,170,000 for the Series A 1993 refunding bonds. These bonds are limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the State.

The Convention and Sports Facility Project Bonds issued and outstanding as of June 30, 2012, were as follows (in thousands of dollars):

	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
Convention and Sports Facility Project Bonds:						
Series A 2003-Refunding	1.42–5.375%	2/15; 8/15	8/03	8/15/21	\$ 116,030	\$ 76,780

As of June 30, 2012, the debt service requirements for these bonds are as follows (in thousands of dollars):

Fiscal Year Ended June 30	Principal	Interest	Totals
2013	\$ 6,040	\$ 3,799	\$ 9,839

Note 12 – Bonds Payable (cont.)

State Road Bonds:

The Missouri Highways and Transportation Commission authorized by Article IV, Section 29–34 of the Missouri Constitution and Section 226.133 of the State Highway Act, issues bonds for highway construction and repairs. Under the Missouri Constitution, the principal and interest of the State Road Bonds are payable solely from the revenues of the Missouri Road Fund. State Road Bonds have the following levels of priority: Senior Bonds, First Lien Bonds, Second Lien Bonds, and Third Lien Bonds. Proceeds from State Road Bonds are used for the purpose of constructing and maintaining the State's highways. As of June 30, 2012, the Missouri Highways and Transportation Commission had issued \$3,812,195,000.

To take advantage of lower interest rates, the Missouri Highways and Transportation Commission has issued Bonds to refund various outstanding bond issues. The following indicates the refunding bonds issued by the Commission (in thousands of dollars):

2028–2032	250,015	49,044	299,059
2033	43,250	2,355	45,605
Totals	\$ 3,071,525	\$ 1,390,353	\$ 4,461,878

⁽¹⁾ The annual debt service schedule assumes an interest rate of 0.18%, representing the interest rate at June 30, 2012, for the Series B 2005 bonds. During the year, interest rates ranged from 0.04% to 0.25%. Interest is reported net of assumed federal subsidies.

Component Units' Long-Term Debt – The following bonds are included in the balance sheet of the college and universities and the non-major component units.

Major

College and Universities:

The college and universities of the State issue revenue bonds for various projects on each respective campus. Bonds are payable, both principal and interest, only out of net income and revenues arising from operations of facilities funded by the bonds. As of June 30, 2012, debt service requirements for principal and interest for the college and universities were as follows (in thousands of dollars):

Fiscal Year Ended June 30	Principal	Interest	Totals
2013	\$ 45,693	\$ 84,429	\$ 130,122
2014	49,983	82,861	132,844

2016	56,726	79,047	135,773
2017	58,003	76,866	134,869
2018–2022	374,729	336,253	710,982
2023–2027	316,082	263,213	579,295
2028–2032	279,355	193,080	472,435
2033–2037	220,836	131,456	352,292
2038–2042	349,215	59,705	408,920
Totals ⁽¹⁾	\$ 1,802,292	\$ 1,387,972	\$ 3,190,264

⁽¹⁾ The bond schedule does not include notes payable, therefore, it differs from the bonds and notes payable amount reported in the statements.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 12 – Bonds Payable (cont.)

Non-Major

Missouri Development Finance Board:

In December 2000, the Board issued \$6,500,000 in St. Louis Convention Center Hotel Series 2000B, taxable infrastructure facilities revenue bonds and \$14,600,000 in St. Louis Convention Center Hotel Series 2000C, tax-exempt infrastructure facilities revenue bonds, respectively for the purpose of paying the costs of acquiring land and constructing a parking garage. Bonds are payable, both principal and interest, out of revenues derived from the operation of the parking garage.

In April 2010, the Board issued \$9,000,000 in Seventh Street Garage Series 2010A, tax exempt infrastructure facilities revenue bonds.

The Missouri Development Finance Board Revenue Bonds issued and outstanding as of June 30, 2012, were as follows (in thousands of dollars):

	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
Missouri Development Finance Board:						
Revenue Bonds						
Series 2000B	up to 10%	12/1	12/00	12/1/20	\$ 6,500	\$ 3,910
Series 2000C	up to 10%	12/1	12/00	12/1/20	14,600	11,440
Series 2010A	up to 5.264%	monthly	04/10	05/1/40	9,000	8,986
Total Missouri Development Finance Board Revenue Bonds					\$ 30,100	\$ 24,336

As of June 30, 2012, the debt service requirements for principal and interest in future years for the Missouri Development Finance Board Revenue Bonds were as follows (in thousands of dollars):

Fiscal Year Ended June 30	Principal	Interest	Totals
2013	\$ 172	\$ 166	\$ 338
2014	180	163	343
2015	189	160	349
2016	195	157	352
2017	204	154	358
2018–2022	16,513	690	17,203
2023–2027	1,438	464	1,902
2028–2032	1,779	344	2,123
2033–2037	2,197	197	2,394
2038–2040	1,469	33	1,502
Totals (1)	\$ 24,336	\$ 2,528	\$ 26,864

(1) The bond schedule does not include notes payable, therefore, it differs from the bonds and notes payable amount reported in the statements.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

⁽¹⁾ Detailed information for college and universities are not shown.

Note 13 – Defeased Debt

A. Current Year Debt Defeasance

On September 27, 2011, the Board of Public Buildings of the State of Missouri issued \$143,020,000 in Board of Public Buildings Special Obligation Refunding Bonds, Series A 2011, with an interest rate ranging from 2.25% to 5.00%, to refund \$126,850,000 of outstanding Board of Public Buildings, Series A 2001, with interest rates ranging 5.00% to 5.50%, to refund \$12,620,000 of outstanding Board of Public Buildings, Series A 2003, with an interest rate of 5.50%, and \$3,175,000 of Board of Public Buildings, Series A 2006, with an interest rate of 4.25%. As a result, the bonds are considered to be defeased and the liabilities for the bonds have been removed from the financial statements. As a result of the refunding, the Board reduced its total debt service payments by \$12,677,000 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$19,118,000.

On November 17, 2011, the Health and Educational Facilities Authority of the State of Missouri, issued \$20,125,000 in Educational Facilities Refunding Revenue Bonds (University of Missouri – Columbia Arena Project), Series 2011, with an interest rate ranging from 2.00% to 5.00%, to refund \$22,770,000 of outstanding Educational Facilities Revenue Bonds (University of Missouri – Columbia Arena Project), Series 2001, with interest rates ranging from 4.10% to 5.00%. As a result of the refunding, the Authority reduced its total debt service payments by \$3,645,000 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$3,226,000.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 13 – Defeased Debt (cont.)

On March 29, 2012, University of Central Missouri issued \$6,945,000 in Health and Educational Facilities Revenue bonds with an interest rate ranging from 0.70% to 1.75% to refund \$6,765,000 of outstanding Student Housing System Energy Savings and Library Facility Series 2002 Bonds, with interest rates ranging from 3.75% to 4.35%. As a result of the refunding, the University of Central Missouri reduced its total debt service payments \$395,450 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$382,686.

On August 3, 2011, the University of Missouri System issued \$54,125,000 in Series 2011 System Facilities Revenue Bonds, with an interest rate ranging from 2.00% to 5.00%, to refund \$9,985,000 of Series 1998A System Facility Revenue Bonds, with interest rates ranging from 4.70% to 5.00%, \$40,635,000 of Series 2001B System Facilities Revenue Bonds with interest rates ranging from 5.00% to 5.38%, and \$9,035,000 of Series 2003B System Facilities Revenue Bonds with interest rates ranging from 3.75% to 5.00%. The bond also includes the cost of issuance of the Series 2011 bonds. The all-in-true interest cost of the Series 2011 bonds is 3.20%. As a result of the refunding, the University of Missouri System reduced its total debt service payments \$6,665,000 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$6,463,000.

On May 2, 2012, the University of Missouri System issued \$105,155,000 in Series 2012A System Facilities Revenue Bonds, with interest rates ranging from 3.00% to 5.00%, to refund \$7,315,000 of Series 2003A Serial Bonds with interest rates ranging from 3.75% to 5.25%, \$75,065,000 of Series 2006A Serial Bonds with interest rates ranging from 3.88% to 5.00%, and \$33,085,000 of Series 2007A Serial Bonds with interest rates of 5.00%. The bond also includes cost of issuance of the 2012A bonds. The all-in-true cost of the Series 2012A bonds is 1.70%. As a result of the refunding, the University of Missouri System reduced its total debt service payments \$32,607,000 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$17,210,000.

B. Cumulative Debt Defeasances

Various bond issues have been defeased by creating separate irrevocable trust funds.

Either new debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds or sufficient funds have been deposited in an irrevocable escrow to pay principal and interest as they become due.

For financial reporting purposes, the following debt has been defeased and therefore removed as a liability from the governmental activities and college and universities Statement of Net Assets.

Governmental Activities – As of June 30, 2012, bonds outstanding of \$218,840,000 are defeased.

College and Universities – As of June 30, 2012 bonds outstanding of \$234,410,000 are defeased.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 15 – Interfund Assets and Liabilities

A summary of interfund assets and liabilities at June 30, 2012, is shown below (in thousands of dollars):

	Due From Other Funds, Component Units, and Primary Government						Internal Service Funds	Totals
	Public Education	Conservation and Environmental Protection	Non-Major Governmental Funds	Unemployment Compensation	Non-Major Enterprise Funds			
Due to Other Funds, Component Units, and Primary Government								
General Fund	\$ ---	\$ ---	\$ ---	\$ ---	\$ 48	\$ 17,567	\$ 17,615	
Public Education	---	---	---	---	---	11	11	
Conservation and Environmental Protection	---	---	---	---	31	427	458	
Missouri Road Fund	---	---	---	---	---	286	286	
Non-Major Governmental Funds	---	---	---	1	6	1,637	1,644	
State Lottery	11,806	---	---	---	---	36	11,842	
Unemployment Compensation	---	---	1,478	---	---	---	1,478	
Petroleum Storage Tank Insurance	---	---	---	---	---	1	1	
Non-Major Enterprise Funds	---	---	---	---	---	75	75	
Internal Service Funds	---	---	---	---	15	298	313	
Non-Major Component Units	---	677	---	---	---	1	678	
Totals	\$ 11,806	\$ 677	\$ 1,478	\$ 1	\$ 100	\$ 20,339	\$ 34,401	
Advance From Component Units and Primary Government								
	Missouri Road Fund	Non-Major Component Units				Totals		
Advance To Component Units and Primary Government								
Conservation and Environmental Protection	\$ ---	\$ 3,742	\$ 3,742					
Non-Major Component Units	9,086	---	9,086					
Totals	\$ 9,086	\$ 3,742	\$ 12,828					

The loans from the component units were for the construction of additional state highways and for animal waste treatment systems.

During the consolidation process for the Government-Wide Statement of Net Assets, interfund payables and receivables were eliminated in governmental activities in the amount of \$20,226,000.

The amount reported as "Due from Other Funds" for fiscal year 2012 is significantly less than what was reported in fiscal year 2011. This was due to the fact that amounts due to the Lottery Proceeds Fund from State Lottery went from monthly transfers to weekly transfers.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 16 – Interfund Transfers

All transfers must be legally authorized by the legislature through transfer appropriations. Interfund transfers for the fiscal year ended June 30, 2012, were as follows (in thousands of dollars):

	Transfers In:			
	General Fund	Public Education	Missouri Road Fund	Non-Major Governmental Funds
Transfers Out:				
General Fund	\$ ---	\$ 2,664,498	\$ ---	\$ 247,904
Public Education	32,424	---	---	6
Conservation and Environmental Protection	637	---	---	2,031
Non-Major Governmental Funds	12,422	34,278	499,302	11,609
State Lottery	---	273,532	---	---
Unemployment Compensation	---	---	---	26,997
Non-Major Enterprise Funds	30	---	---	98
Internal Service Funds	37	---	---	5
Totals	\$ 45,550	\$ 2,972,308	\$ 499,302	\$ 288,650

Continues Below

	State Lottery	Non-Major Enterprise Funds	Internal Service Funds	Totals
Transfers Out:				
General Fund	\$ ---	\$ ---	\$ 144	\$ 2,912,546
Public Education	---	---	---	32,430
Conservation and Environmental Protection	---	---	---	2,668
Non-Major Governmental Funds	---	---	---	557,611
State Lottery	---	---	---	273,532
Unemployment Compensation	---	---	---	26,997
Non-Major Enterprise Funds	---	---	---	128
Internal Service Funds	22	27	5	96
Totals	\$ 22	\$ 27	\$ 149	\$ 3,806,008

Principal reasons for interfund transfers include:

- moving general revenue funds to support elementary and secondary education
- moving state lottery funds to support elementary and secondary education
- moving general revenue funds to support social assistance programs reported in non-major governmental funds
- moving funds related to the construction of capital assets

During fiscal year 2012, there were transfers of \$671,000 from internal service funds to the General Fund and non-major governmental funds. These were transfers of capital assets and are therefore not reported on the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances or on the reconciliation above. This is because governmental funds use the modified accrual basis of accounting and therefore do not report capital assets on their financial statements.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 17 – Restatements

During fiscal year 2012, additional information became available which required the restatement of fund equity amounts. The following table presents a summary of these restatements by fund (in thousands of dollars):

	June 30, 2011 Fund Balance/ Net Assets Previously Reported	Prior Period Adjustments	June 30, 2011 Fund Balance/ Net Assets Restated
GOVERNMENTAL FUNDS			
Major Governmental Funds			
General Fund	\$ 1,415,751	\$ (11)	\$ 1,415,640
Public Education	343,094	(9,372)	333,722
Conservation and Environmental Protection	1,361,454	(10)	1,361,444
Non-Major Governmental Funds			
Special Revenue	469,717	(5,304)	464,413
Permanent	39,869	(18)	39,851
PROPRIETARY FUNDS			
Major Enterprise Funds			
Unemployment Compensation	(472,918)	(18,650)	(491,568)
Non-Major Proprietary Funds			
Enterprise	82,888	(12)	82,876
Internal Service	561,110	(6,856)	554,254
DISCRETELY PRESENTED COMPONENT UNITS			
Non-Major	184,006	(498)	183,508

Breakdown of restatements by type:

- General Fund, the decrease was due to an increase in cash and cash equivalents of \$18,000 and a decrease in accounts receivable of \$129,000.
- Public Education, the restatement was due to a decrease in due from other funds of \$9,372,000 due from a Major Enterprise Fund – State Lottery.
- Conservation and Environmental Protection, the restatement was a decrease in accounts receivable of \$10,000.
- Non-major special revenue funds, the restatements were an increase in cash and cash equivalents of \$44,000, a decrease in accounts receivable of \$5,000, and an increase in accounts payable of \$5,343,000.
- Non-major permanent funds, the restatement was a decrease in cash and cash equivalents of \$18,000.
- Major enterprise fund unemployment compensation, the restatement was a decrease in accounts receivable of \$23,993,000 and a decrease in accounts payable of \$5,343,000.
- Non-major enterprise funds, the restatement was a decrease in loans receivable of \$13,000 and an increase in capital assets (net of accumulated depreciation/amortization) of \$1,000.
- Non-major internal service funds, the restatement was a decrease in cash and cash equivalents of \$48,000, a decrease in accounts receivable of \$234,000, a decrease in capital assets (net of accumulated depreciation/amortization) of \$3,694,000, an increase in accounts payable of \$1,005,000, an increase in obligations under lease purchase of \$2,880,000, and a decrease in compensated absences of \$1,005,000.
- Discretely presented component units – non-major funds, the restatement was a decrease in inventories of \$1,000, an increase in capital assets (net of accumulated depreciation/amortization) of \$19,000, an increase in accounts payable of \$224,000, an increase in deposits and reserves of \$101,000, an increase in lease obligation of \$17,000, as well as a decrease to fund balance of \$174,000 due to the adoption of GASB Statement No. 61, *The Financial Reporting Entity: Omnibus* by the Missouri Development Finance Board.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 17 – Restatements (cont.)

Purpose for restatements:

The items on the schedule were restated as a result of additional information received this year related to prior year corrections.

On the Government-Wide Statement of Activities, net assets for the governmental activities were restated by the amounts shown on the restatement schedule for governmental funds and internal service funds. In addition, capital assets (net of accumulated depreciation/amortization) decreased by \$1,428,000, the Internal Balance increased by \$72,000, accrued interest decreased by \$732,000, obligations under lease purchase increased by \$1,928,000, and an increase in pollution remediation obligation of \$4,000.

On the Government-Wide Statement of Activities, net assets for the business-type activities were restated by the amounts shown on the restatement schedule for enterprise funds and by a decrease in the Internal Balance of \$72,000.

Note 18 – Fund Deficit

The following funds had a deficit balance:

Enterprise Fund – Petroleum Storage Tank Insurance – At June 30, 2012, this fund had a net asset deficit of \$36,253,000. The deficit at June 30, 2011 was \$27,664,000. The deficit occurred when transport load fees collected were not sufficient to cover the estimated claims liability for clean up of petroleum storage tank leaks. This liability amount is the cumulative result of numerous years of petroleum storage tank leaks. Per Section 319.129, RSMo, this fund will not accept new claim liabilities after December 31, 2020, or upon revocation of federal regulation 40 CFR, whichever occurs first, unless extended by action of the General Assembly. Various alternatives are being considered to pay off the claims liability amount of this fund. Per Section 319.131, RSMo, the liability of the Petroleum Storage Tank Insurance Fund is not the liability of the State. Upon dissolution of this fund, the liability would be liquidated.

Enterprise Fund – Unemployment Compensation Insurance – At June 30, 2012, this fund had a net asset deficit of \$350,709,000. The deficit at June 30, 2011 was \$491,568,000. The reason for this deficit is the high unemployment rate associated with the recent national economic climate. The prolonged high unemployment made it necessary for the State of Missouri, along with other states, to borrow from the federal government to pay unemployment benefits. Since Missouri has carried a loan balance through January 1st for three consecutive years, the federal government has begun reducing the Federal Unemployment Tax Act (FUTA) tax credit that Missouri employers are allowed to claim on their taxes. Additional tax dollars collected by the federal government as a result of the FUTA tax credit reduction will be used to begin paying down Missouri's loan balance. Missouri projects its current loan balance will be fully repaid in calendar year 2015.

Internal Service Fund – Transportation Self-Insurance Plan Fund – At June 30, 2012, this fund had a net asset deficit of \$8,442,000. The deficit at June 30, 2011 was \$18,299,000. The deficit occurred due to funding being based on annual actuarial studies and budget availability. Increases in appropriations and claims management will eliminate the deficit over time.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 19 – Related Party Transactions

The Missouri State Public Employees’ Deferred Compensation Plan was administered by ING Institutional Plan Services. ING Life Insurance and Annuity Company provides affixed earnings investments for plan participants while ING Institutional Plan Services provides variable earnings investments. At June 30, 2012, total investments of the Plan were \$1,140,945,000 and investments in ING Life Insurance and Annuity Company were \$258,157,000.

Note 20 – Commitments

Contracts

The Department of Conservation had contracts outstanding of \$2,000 for land acquisitions and \$3,467,000 for construction contracts at June 30, 2012. These contracts are funded through the special revenue funds from specific sales tax, fees, and permits.

The Department of Transportation had long-term contracts of \$1,325,264,000 outstanding at June 30, 2012. These contracts are paid from capital projects funds with approximately 75% federal reimbursement expected.

The Office of Administration, Division of Facilities Management, Design and Construction, had construction contracts outstanding at June 30, 2012 of \$7,942,000. Approximately 78% will be paid from the General Fund, 7% from special revenue funds, 10% from capital projects funds, and 5% from enterprise funds.

On March 10, 1988, the State of Missouri entered into a contract with the United States Army Corps of Engineers confirming an assurance agreement of April 8, 1965. The State obtained rights to a portion of the water supply storage from the Clarence Cannon Dam and Mark Twain Lake Project. The State agreed to pay up to \$10.8 million plus interest for the investment costs allocated to the water supply storage, the amount of such payments to be determined by the portion of the water storage space put in use by the State for that purpose. The contract provided a ten year interest free period running from 1984 to 1994. In fiscal year 1995, the State began making interest payments. The interest payment amount for fiscal year 2012 was \$364,000. This payment was made in arrears as it was part of a fiscal year 2012 expenditure restriction plan. Payment of principal and interest must be completed by March 2038.

The Missouri Department of Transportation and Highway Patrol Employees’ Retirement System (MPERS) purchased a new pension administration software system during fiscal year 2007. Payments totaling \$3,321,000 have been made, leaving \$109,000 outstanding at June 30, 2012.

As of June 30, 2012, the University of Missouri had outstanding commitments for the usage and ongoing support of the University Health System’s information technology environment totaling \$139,216,000. The payments are as follows:

2013	\$ 16,819,000
2014	17,323,000
2015	17,843,000
2016	18,378,000
2017	18,930,000
thereafter	49,923,000

Truman State University had approximately \$14,053,000 in outstanding commitments for various construction contracts at June 30, 2012.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 20 – Commitments (cont.)

Southeast Missouri State University had outstanding commitments of approximately \$63,500,000 related to construction contracts at June 30, 2012.

Missouri State University had approximately \$24,900,000 in outstanding commitments for various construction contracts at June 30, 2012.

University of Central Missouri had approximately \$1,620,000 in outstanding commitments related to construction contracts at June 30, 2012.

Note 21 – Risk Management and Insurance

The State is exposed to various risks of loss related to tort, general, motor vehicle, and contractor liability and injuries to employees. The State assumes its own liability for risks except for the purchase of surety bond, aircraft, and boiler coverage. The State's Office of Administration (OA), Risk Management Unit, self-insures its workers' compensation program for all state employees, with the exception of the Missouri Department of Transportation (MoDOT) and the State Highway Patrol. Liability insurance is also provided by OA-Risk Management, pursuant to State statute, through the State's legal expense fund, which is a component of the General Fund in this report. This insurance covers all state employees.

The Workers' Compensation and Legal Expense Fund claims liability is based upon actual claims that have been submitted to OA-Risk Management. IBNR (incurred but not reported) liability is not included since workers' compensation and liability insurance claims are reported timely, and therefore any potential IBNR liability amount would be considered immaterial. The State has not had any insurance settlements exceed the coverage during the past three fiscal years. OA-Risk Management also procures property insurance for 3% of the total value of the State's property with the remainder uninsured. The buildings that are insured are mainly the buildings backed with bonded debt through the Board of Public Buildings.

The Transportation Self-Insurance Plan covers workers' compensation for employees of MoDOT and the State Highway Patrol, and covers vehicle liability and general liability insurance for the employees of MoDOT. The Transportation Self-Insurance Plan is presented as an internal service fund. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Estimated claims payable is based on known claims pending as well as an estimate of IBNR claims from data provided by an actuary. Liabilities are reported at their discounted value, assuming an investment yield of 2%.

The Missouri Consolidated Health Care Plan (MCHCP) provides health care insurance to all state employees, except for MoDOT, the State Highway Patrol, and the Department of Conservation. The Plan is presented as an internal service fund. Estimated claims payable is based on known medical claims pending as well as an estimate of IBNR claims from data provided by an actuary.

The MoDOT and MSHP Medical and Life Insurance Plan (MHPML) accounts for the medical coverage provided on a self-insured basis and life insurance benefits, underwritten by a commercial insurance company, for employees of MoDOT and the State Highway Patrol. The Plan is presented as an internal service fund. Estimated claims payable is based on known insurance claims pending as well as an estimate of IBNR claims from data provided by an actuary.

The Conservation Employees' Insurance Plan (CEIP) provides health care and life insurance to employees of the Department of Conservation. The Plan is presented as an internal service fund. Estimated claims payable is based on known claims pending as well as an estimate of IBNR claims.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 21 – Risk Management and Insurance (cont.)

The Petroleum Storage Tank Insurance Fund (PSTIF) has claims liability for the cost of contamination cleanup for policyholders and other eligible site owners who have submitted notice of a contamination. The PSTIF is presented as a major enterprise fund.

The University of Missouri System provides workers' compensation, liability, and medical insurance for its employees. The University funds this through a combination of self-insurance and commercially purchased insurance. The amount of coverage is based upon analysis of historical information and actuarial estimates. Settled claims have not exceeded commercial coverage in any of the past three fiscal years. The claims liability is the present value of the claims, using discounted rates ranging between 3.7% and 4.5% based on future investment yields. The University of Missouri System is included with college and universities as a major component unit of the State.

Missouri State University is exposed to various risks of loss. These include loss related to torts; business interruption; employee injuries and illnesses; employee health, dental and accidental benefits; natural disasters; damage to and destruction of assets; and errors and omissions. Commercial insurance coverage is purchased for claims arising from such matters other than those related to natural disasters and employee health benefits, general liability, and workers' compensation. Settled claims have not exceeded the commercial coverage in any of the three preceding years. Additional coverage is provided through the State Self-Insurance Program, through the Risk Management Unit of the Office of Administration. The State of Missouri self-insures the workers' compensation benefits for all state employees, including University employees.

Changes in the balances of claims liability (in thousands of dollars) during the current and prior fiscal years are as follows:

Governmental Activities	Type of Insurance Claims	Fiscal Year Claims Liability 6/30/2011		Current Year Claims and Estimated Changes	Claim Payments	Fiscal Year Claims Liability 6/30/2012

Risk Management Pool:

The State of Missouri participates in the property program of the Midwestern Higher Education Compact (MHEC) as defined in Section 173.700, RSMo. This program was formed to expand coverage, reduce costs, and stabilize property insurance rates over extended time periods at higher education institutions in all member states. The program offers loss limit coverage tailored to individual institutions as well as self-insured retention by institution. The MHEC Risk Management Oversight Committee directs the major operations of the program overseeing the development of program policies, premium allocations, new program memberships, and selection of program administrators and insurance underwriters.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 22 – Pollution Remediation and Landfill Closure and Postclosure

The State has an obligation to address current or potential detrimental effects of existing pollution by participating in pollution remediation activities.

The Missouri Department of Natural Resources (DNR) was compelled to assess and oversee the cleanup of contaminated sites subject to federal law under the Resource Conservation and Recovery Act (RCRA), also known as the Superfund Law, administered by the U.S. Environmental Protection Agency (EPA). Under this law, the State is required to pay or ensure payment of 10% of the costs of remediation action and 100% of the costs of operations and maintenance at sites where the party responsible for the contamination is unknown, uncooperative, or insolvent. Similarly, Missouri law 260.371.7 states that the public should bear a portion of the cost to pay for the State's share of Superfund cleanup to be appropriated from general revenue. At the end of fiscal year 2012, the State was participating in the cleanup of eight Superfund sites. Total pollution remediation obligation for these sites totaled approximately \$11.1 million. The basis for these costs are State Superfund contracts that list the estimated cost of cleanup, or actual costs if cleanup is complete, less any payments that have been made to the EPA. Estimated costs will change as actual costs become available. The Hazardous Waste Fund is a component of Conservation and Environmental Protection.

The Missouri Department of Transportation (MoDOT) performed work related to Missouri Department of Natural Resources' requirements for lagoons and a fuel leak. MoDOT is currently involved in remediation activities in three instances related to building and grounds caused by chemical contamination. There is a total remaining obligation of \$51,000 as of June 30, 2012. There are also three additional issues with lagoons at rest areas. The potential for pollution remediation exists; however, any future remediation obligations are not yet estimable.

The Office of Administration (OA), Division of Facilities Management, Design and Construction, continued asbestos, mold, and lead abatement and remediation, and fuel spill cleanup in five State sites during fiscal year 2012. Three new sites were added which required asbestos abatement and mold remediation. At the end of the fiscal year, cleanup was not complete in two of the sites, with a total remaining obligation for fuel and asbestos debris cleanup of \$5,000. These costs were based on contractual pricing estimates and are subject to change if the pollution remediation requires more time or material than was estimated.

The Department of Public Safety, Office of the Adjutant General, has been named as a potentially responsible party in the Pools Prairie Superfund site in Newton County, Missouri. The Resource Conservation and Recovery Act (RCRA), also known as the Superfund Law, is administered by the U.S. Environmental Protection Agency (EPA). This law says the State is required to pay or ensure payment of 10% of the costs of remediation action and 100% of the costs of operations and maintenance at sites where the party responsible for the contamination is unknown, uncooperative, or insolvent. Similarly, Missouri law 260.371.7 states that the public should bear a portion of the cost to pay for the State's share of Superfund cleanup to be appropriated from general revenue. At this time, it cannot be determined the Department of Public Safety's portion of the costs for the cleanup of the Pools Prairie Superfund site.

*Restated.

The State does not own any municipal solid waste landfills (MSWLF), however in the event the owner/operator refuses or is unable to properly maintain the landfill, the owner/operator forfeits the required financial assurance instrument(s) to fund closure and/or post-closure maintenance activities.

Each landfill owner/operator is required to obtain a financial assurance instrument, which is held by the State as security in the case of a default or forfeiture. Financial assurance instruments can include financial guarantee or performance bonds, letters of credit, insurance policies, corporate guarantees, contracts of obligations, trust funds, and escrow accounts. At June 30, 2012, the Missouri Department of Natural Resources, Solid Waste Program tracked the value of the secured financial assurance instruments held by the State to be \$296,922,000. This amount is disclosed, but not reported in the financial statements, because the State does not perform the investment function and does not have significant administrative involvement. While the State maintains possession of the financial assurance instruments, it does not meet criteria to be reported in a fiduciary fund.

At June 30, 2012, ten MSWLFs and two waste tire facilities have defaulted. The owners/operators failed to properly close or maintain post-closure care for these facilities; therefore, the State took possession of the forfeited financial assurance instruments to initiate the closure or post-closure activities as required by Section 260.228, RSMo. The State will monitor and pay post-closure care costs of these facilities for the next 30 years in accordance with Missouri Department of Natural Resources Solid Waste Management Law and Regulations. At June 30, 2012, it is expected that \$2,078,000 will be paid over the remaining monitoring periods. This is the amount of fund balance that has been designated as assigned on the General Fund balance sheet for forfeited assets.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 23 – Contingencies

Contingent claims liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported including the effects of specific, incremental claim adjustment expenditures/expenses, salvage, subrogation, and other allocated or unallocated claim adjustment expenditures/expenses. Liabilities of governmental funds are reported as a reconciling item to the Government-Wide Statement of Net Assets. Expenditures are recognized as payments made.

At June 30, 2012, the amount of the contingent liabilities was \$20.2 million. Changes in the reported liability since June 30, 2011, resulted from the following (in thousands of dollars):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates		Claim Payments	Balance Fiscal Year End
2011–2012	\$ 65,880	\$ (37,309)	\$ (8,339)	\$ 20,232	
2010–2011	54,800	14,480	(3,400)	65,880	
2009–2010	26,997	31,957	(4,154)	54,800	

Section 287.220.6, RSMo, requires that an actuarial study of the Second Injury Fund be made every three years to determine the solvency of the fund. Figures presented below for current year claims and changes in estimates are based on the 2010 actuarial study. At June 30, 2012, the amount of liabilities for the Second Injury Fund was \$1.6 billion. Changes in the reported liability since June 30, 2011, resulted from the following (in thousands of dollars):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates		Claim Payments	Balance Fiscal Year End
2011–2012	\$ 1,520,089	\$ 114,507	\$ (37,149)	\$ 1,597,447	
2010–2011	1,444,064	113,401	(37,376)	1,520,089	
2009–2010	1,372,477	111,003	(39,416)	1,444,064	

The State receives federal grants which are subject to review and audit by federal grantor agencies. This could result in requests for reimbursements to the grantor agency for expenditures which are disallowed under grant terms. The State believes that such disallowances, if any, would be immaterial in the next fiscal year.

Loan Guarantees:

The State appropriates money to the Agricultural and Small Business Development Authority for the purpose of making loan guarantees. Upon default of a guaranteed loan, the Authority makes the payment for default from State appropriations. The Authority administers the Single-Purpose Animal Facilities Loan Program and the Value Added Loan Guarantee Program, which provides a 50% first-loss guarantee on loans up to \$250,000. The total of these two loan programs outstanding at June 30, 2012, for which the Authority has guaranteed payment is, \$838,000 and \$2,710,000, respectively. During 2012, no loans defaulted.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 23 – Contingencies (cont.)

Sales and Use Tax Lawsuits:

Southwestern Bell Telephone Company vs. Director of Revenue (Case No. SC83859 and follow up Case No. SC86441): the Supreme Court ruled that Southwestern Bell Telephone Company was entitled to a refund of use tax paid on machinery and equipment used to create its digital phone service product. Manufacturing was found to include producing taxable services as well as tangible personal property products. A settlement was reached regarding some claims, filed by multiple taxpayers, related to the Southwestern Bell cases. At this time, no current liability remains as of June 30, 2012. Refund claims related to these cases that were filed by other companies that are still pending verification and exclusive of interest (which could be substantial) could negatively affect the State by \$26.7 million, of which \$14.7 million is related to the General Fund.

The State is also involved in tax litigation not included in the fiscal year 2012 liability amount, where it is reasonably possible that an adverse court decision may incur an estimated loss of \$33.2 million.

Education Lawsuits:

School District of Kansas City, Missouri vs. Missouri Board of Fund Commissioners – The Cole County Circuit Court overturned the April 13, 2005, action of the Board of Fund Commissioners to end an offset collected from funds paid to charter schools to pay for leasehold revenue bonds issued by the School District of Kansas City, Missouri, as part of the desegregation remedy. The State of Missouri has been ordered to recoup the funds previously paid to charter schools and return them to the school district within 12 months of the judgment. The Judge ruled on September 29, 2011, that repayment mandated in his initial order would not begin until appeals are exhausted. On September 26, 2011, a Notice of Appeal was filed on behalf of the state defendants to the Missouri Court of Appeals, Western District.

State of Missouri ex rel. Saint Louis Charter School vs. State Board of Education – Petitioner is requesting a Writ of Mandamus ordering DESE to determine pursuant to Section 160.415.5 RSMO, petitioner's claim of underpayment by St. Louis Public Schools. On April 18, 2011, the Cole County Circuit Court denied the charter school's motion for a writ directing DESE to deduct the amount the school claims it was underpaid from future payments to the district. The Cole County Circuit Court entered a finding on July 15, 2011, that no further relief was required by mandamus. Relator Saint Louis Charter School filed notice of appeal on August 22, 2011. The timeline for the submission of briefs has been extended to April 20, 2012.

Tobacco Master Settlement Agreement:

This is a potential reduction in a liability owed to the State by tobacco manufacturers under the Master Settlement Agreement (MSA). The State is currently involved in national arbitration against the manufacturers participating in the MSA over their pending claim for a downward adjustment to their 2004 settlement payments. The manufacturers challenge the enforcement record of 35 settling states. The State's total exposure depends upon the arbitration panel's determination of whether Missouri and the 34 other challenged states diligently enforced their qualifying statutes in 2003.

Missouri's total potential exposure is up to the entire amount of the 2004 annual payment from the manufacturers (subject to a later 20% reimbursement). The amount of \$0 to \$117 million is an estimate, which depends upon many variables. Should Missouri lose the arbitration, the State would lose almost \$77 million presently held in a dispute account, and the next annual payment could be reduced by nearly \$40 million, plus interest calculated from April 15, 2004. That amount may fluctuate depending on the total number of states found by the arbitration panel to have failed to diligently enforce their qualifying statutes in 2003. Such a loss would be taken as a credit against the manufacturers' MSA payments to Missouri in the next or subsequent years. Furthermore, the tobacco manufacturers may withhold some portion of future payments and seek arbitration of the same issue for subsequent years.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 24 – Joint Ventures

The Regional Convention and Sports Complex Authority was created by state law for the purpose of financing, constructing, operating, and maintaining a multipurpose convention and sports facility to be located in the City of St. Louis. The Authority operates under a board of commissioners of whom five are appointed by the Governor of the State, three by the County Executive of St. Louis County, and three by the Mayor of the City of St. Louis. The Authority is granted all rights and powers necessary to plan, finance, construct, equip, and maintain the facility.

The Authority is considered a joint venture of the State, County, and City because it constitutes a contractual agreement for public benefit in which the State, County, and City retain an ongoing financial responsibility for the Convention and Sports Facility Project Bonds. In August 1991, the Authority issued \$258,670,000 of Convention and Sports Facility Project Bonds. The bonds were sponsored in the amount of \$132,910,000 by the State (Series A), \$65,685,000 by the County (Series B), and \$60,075,000 by the City (Series C). In December 1993, the Authority issued \$181,885,000 in Convention and Sports Facility Project and Refunding Bonds to advance refund \$101,410,000 and \$50,275,000 of the outstanding 1991 Series A and Series B bonds, respectively, and for additional construction costs. The bonds were sponsored in the amount of \$121,705,000 by the State (Series A) and \$60,180,000 by the County (Series B). In February 1997, the Authority issued \$61,285,000 in Series C refunding bonds to advance refund \$47,155,000 of the outstanding 1991 Series C bonds. In August 2003, the Authority issued \$116,030,000 of Convention and Sports Facility Project and Refunding Bonds Series A 2003 to refund \$2,845,000 and \$113,170,000 of Series A 1991 and Series A 1993 refunding bonds, respectively, and for additional construction costs. In May 2007, the Authority issued \$49,585,000 in Series C 2007 refunding bonds to refund \$61,285,000 of original principal of the Series C 1997 refunding bonds.

Pursuant to a financing agreement entered into in August 1991, and terminating in August 2021, the Authority leased the facility to the sponsors who subleased the facility back to the Authority. The payments made by the State, County, and City under the financing agreement are sufficient to pay the principal and interest on the bonds. In addition, the sponsors provide annual appropriations intended to keep the facility in good repair and competitive with the top 25% of NFL facilities. See *Note 12* for the specific debt service requirements that make up the State's ongoing financial responsibility for this joint venture.

Summary financial information for the Authority as of and for the fiscal year ended December 31, 2011, is presented below (in thousands of dollars):

Total Assets	\$ 258,793
Total Liabilities	\$ 155,443
Total Net Assets	\$ 103,350
<u>Total Liabilities and Net Assets</u>	<u>\$ 258,793</u>
 Total Revenues	 \$ 24,666
Total Expenses	23,999
<u>Net Increase in Net Assets</u>	<u>\$ 667</u>

St. Louis, Missouri 63101

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 25 – Endowments

Donor-restricted endowments for Missouri reside primarily within the higher education institutions, which are reported as a major component unit of the State. For the college and universities, except the University of Missouri, the net appreciation of the endowments available for expenditure is \$2,448,000, and of this amount, \$983,000 is reported as restricted non-expendable net assets, \$1,296,000 is reported as restricted expendable net assets, and \$169,000 is reported as unrestricted net assets. The University of Missouri reported a net depreciation/amortization of restricted non-expendable net assets in the amount of \$19,271,000, which consisted of both realized and unrealized losses on investment. For detailed information on the college and universities, review the individual financial statements. The Revised Statutes of Missouri authorize the acceptance of donations at State agencies or public institutions. The governing boards of these institutions and the donor agreements determine whether net appreciation can be spent and the acceptable spending rate as detailed in Section 402.035, RSMo. These policies are entity specific and vary with each institution.

Note 26 – Conduit Debt

As of June 30, 2012, the Missouri Development Finance Board issued \$1,308,358,000 in Single Issue Industrial Revenue Bonds and \$1,878,705,000 in Public Purpose Capital Improvement and Refunding Leasehold Revenue Bonds. The outstanding balances on these bonds and notes as of June 30, 2012, were approximately \$645,928,000 and \$889,268,000, respectively.

The Missouri Development Finance Board and the State have no liability for repayment of these revenue bonds and funding notes aside from reserve fund deposits and, accordingly, these bonds and notes have not been recorded as a liability on the financial statements for the Missouri Development Finance Board. The debtor pays all debt service requirements. Security for the bondholders consists of insurance, letters of credit, annual appropriation pledges, and certain funds held through trustees under the various indentures.

The State Environmental Improvement and Energy Resources Authority, a related organization of the State of Missouri, issues Water Pollution Control and Drinking Water Revenue Bonds on behalf of the Department of Natural Resources. The outstanding balance on these bonds as of June 30, 2012, is \$1,088,134,000.

The State of Missouri has no liability for repayment of these revenue bonds beyond the resources provided by related loan programs. The bonds are limited obligations of the State Environmental Improvement and Energy Resources Authority.

Note 27 – Federal Surplus Commodities Inventory

The federal surplus commodities inventory for the Department of Social Services was \$21,000 as of June 30, 2012. This inventory is not considered to be an asset of the State and is not included in the financial statements.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 28 – Subsequent Events

General Obligation Bonds:

On September 27, 2012, the Board of Fund Commissioners of the State of Missouri issued \$62,460,000 of State Water Pollution Control General Obligation Refunding Bonds Series A 2012 and \$100,395,000 in Fourth State Building General Obligation Refunding Bonds Series A 2012. The bonds will bear interest from 2.00% to 5.00%, due in semiannual installments beginning April 1, 2013. These refunded Board of Fund Commissioners Bonds in the following amounts: Water Pollution Control Series A 2002 – \$3,225,000, Water Pollution Control Series B 2002 – \$64,080,000, and Fourth State Building Series A 2002 – \$110,535,000.

Other Bonds:

On August 23, 2012, the Board of Public Buildings of the State of Missouri issued \$278,835,000 of Special Obligation Refunding Bonds Series A 2012. These bonds will bear interest from 2.00% to 5.00%, due in semiannual installments beginning October 1, 2012. This refunded Board of Public Buildings Bonds Series A 2003 outstanding principal in the amount of \$285,380,000.

Missouri Department of Transportation:

The Series B 2005 First Lien State Road Bonds were issued as variable rate instruments with weekly rate changes. Since June 30, the rates varied from 0.13% to 0.21%.

Missouri Western State University:

On November 8, 2012, the Board of Governors issued \$20,895,000 of Auxiliary System Refunding and Improvement Revenue Bonds, Series 2012. This will refund the Auxiliary Refunding and Improvement Bonds, Series 2003. The bonds will be secured by the net revenues available for debt services of the University and other funds pledged to the payment of the bonds.

Unemployment Compensation:

With the continued high unemployment, Missouri is borrowing from the federal government in order to pay unemployment benefits. Since June 30, 2012, \$7,501,000 has been borrowed. Since Missouri has carried a loan balance through January 1 for three consecutive years, the federal government has begun reducing the Federal Unemployment Tax Act (FUTA) tax credit that Missouri employers are allowed to claim on their taxes. The additional tax dollars collected by the federal government as a result of the FUTA tax credit reduction will be used to begin paying down Missouri's loan balance.

Mortgage Settlement Agreement:

State of Missouri has joined a national settlement against five major banks which are Bank of America, Citigroup, JPMorgan Chase, Wells Fargo, and Ally Financial for their role in mortgage abuses of which the filing of settlement took place as of March 12, 2012. The State of Missouri is to receive over \$40 million for penalties and economic harm caused by the unfair and deceptive conduct. This settlement will be implemented over the next three years.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2012

Note 28 – Subsequent Events (cont.)

Medicaid Settlement:

On July 2, 2012, GlaxoSmithKline agreed to pay \$32 million to the State of Missouri for its Medicaid program out of a \$3 billion settlement with the United States Department of Justice. This was a result of illegal schemes related to the marketing and pricing of its drugs.

MOSERS Retirement Plan:

The board of trustees of MOSERS voted on July 19, 2012, to reduce the nominal investment return assumption from 8.5% to 8.0% and to adopt assumptions for wage inflation and price inflation of 3.0% and 2.5% respectively, decreases from 4.0% and 3.2% respectively. Also, in connection with the experience study, the board had previously adopted strengthened mortality tables and revised rates of withdrawal and retirement to better reflect recent experience. Other minor changes in demographic assumptions were also adopted, but their collective impact is expected to be negligible.

Required Supplementary Information (RSI) includes the Budgetary Comparison Schedule for the General Fund and Major Special Revenue Funds, as well as the Budget to Generally Accepted Accounting Principles (GAAP) reconciliation, and the Notes to RSI on Budgetary Reporting.

STATE OF MISSOURI
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY REPORTING
June 30, 2012

Budgetary Presentation:

A Budgetary Comparison Schedule is presented for the State's Major governmental funds, as well as Major Capital Project Funds. Revenues and expenditures are reported on a budgetary basis where "actual" revenues are recognized when cash is received, and "actual" expenditures are recognized for cash disbursements. The accounting principles applied for reporting on a budgetary basis differ from those used to present the financial statements in accordance with GAAP. A reconciliation of the two for the fiscal year ended June 30, 2012, has been presented at the bottom of the Budgetary Comparison Schedule.

The budgetary expenditures are included in the current year's Appropriation Activity Report, which demonstrates legal compliance with the current year's budget. This report can be viewed at <http://oa.mo.gov/acct/pdffiles/AAR2012.pdf>. The "original budget" expenditures and transfers are for what was originally appropriated for each fund. The "final budget" expenditures and transfers takes into account any increases and decreases to appropriations during the fiscal year less the Governor's amounts reverted (withheld) for each fund less any reappropriations to the next fiscal year.

Once a year, the Office of Administration–Division of Budget and Planning receives budgeted revenues from state agencies for each of their funds as well as a revised revenue estimate in the spring for the State's General Revenue Fund. The revised revenue estimate is used in the "final budget" column for the General Fund and is very comparable to actual revenue resulting in a small negative variance on this Schedule.

In accordance with State statute, all state funds must have an appropriation before amounts can be expended or transferred to another state fund; therefore, variances between "budgeted" and "actual" expenditures on the budgetary schedule will always be positive.

For budget purposes, interfund activity is not eliminated. A summary of interfund eliminations at June 30, 2012, is shown below (in thousands):

	Final Transfer		Actual Transfer	
	In	Out	In	Out
GENERAL FUND	\$ 3,045,769	\$ (3,045,769)	\$ 2,922,264	\$ (2,922,264)
SPECIAL REVENUE FUNDS				
Public Education	392,531	(392,531)	386,542	(386,542)
TOTAL	<u>\$ 3,438,300</u>	<u>\$ (3,438,300)</u>	<u>\$ 3,308,806</u>	<u>\$ (3,308,806)</u>

Budgetary Control:

Budgetary control is maintained at the departmental level; each Department of the Missouri government formulates a budget to be submitted for approval by the General Assembly prior to the beginning of the fiscal year. These budgets are prepared essentially on the cash basis. The legislature reviews, revises, and legally adopts these budgets. The Governor then has the authority to approve or veto each budget, subject to legislative override.

Budgeted expenditures cannot exceed estimated revenues and other sources of funding, including beginning fund balances. In the event that actual revenues are insufficient to cover budgeted expenditures, the Governor must order budget reductions or call a special session of the legislature to address the issue.

Unexpended appropriations lapse at the end of each appropriation year, unless reappropriated to the following appropriation year.

Supplementary Information includes the Budgetary Comparison Schedule and Reconciliation for the Major Capital Projects Fund (Missouri Road Fund), as well as the Combining and Individual Fund Statements and Schedules for the General Fund and all Non-Major Funds.

The Combining and Individual Fund Statements and Schedules

Major Funds

General Fund – Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

Non-Major Funds

This includes all non-major governmental and enterprise funds, as well as the non-major component units. It also includes all internal service and fiduciary funds because the “major fund” classification, created under GASB Statement 34, does not apply to these funds.

A budgetary comparison schedule is provided for all non-major governmental funds with the exception of capital projects funds.

The Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The State has numerous individual Special Revenue Funds. Therefore, the funds have been combined into specific functional areas.

Non-Major Special Revenue Funds:

Professional Registration – Provides for the control and regulation of various professions. Each profession has its own fund to account for its operation.

Judicial Protection and Assistance – Provides for protection of public employees by the Attorney General's Office, conviction of criminal offenders by prosecuting attorneys and assistance to victims of criminal offenses.

Agriculture and State Fair – Provides for inspections of products, market development, and awards for competition at the State Fair.

Social Assistance – Provides financial, health, and other services to qualifying individuals.

Transportation and Law Enforcement – Provides transportation services, road construction and maintenance, and the enforcement of vehicle laws and traffic safety.

Unemployment and Workers' Compensation – Provides for the administration of these laws and benefits to workers who qualify for workers' compensation.

Reimbursements and Other – Provides various reimbursements of costs to other governments and various regulatory commissions not included in other functional areas.

This schedule is continued from pages 114-115.

*The **Debt Service Funds** account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.*

Debt Service Funds:

Water Pollution Control Bond and Interest – Accounts for moneys used to pay the principal of the Water Pollution Control Bonds and the interest thereon.

Third State Building Bond Interest and Sinking – Accounts for moneys used to pay the principal of the Third State Building Bonds and the interest thereon.

Fourth State Building Bond and Interest – Accounts for moneys used to pay the principal of the Fourth State Building Bonds and the interest thereon.

Stormwater Control Bond and Interest – Accounts for moneys used to pay the principal of the Stormwater Control Bonds and the interest thereon.

Missouri Road Bond – Accounts for moneys used to pay bonds issued by the Highway and Transportation Commission.

The Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities.

Non-Major Capital Projects Funds:

Veterans' Homes Capital Improvement – Accounts for fees collected from the sale of bingo cards to be used for the construction or renovation of veterans' homes and cemeteries in the State.

Water Pollution Control – Accounts for bond sale proceeds to be used for the protection of the environment through the control of water pollution.

The Permanent Funds account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the government's programs.

Permanent Funds:

Arrow Rock State Historic Site Endowment – Accounts for moneys transferred from the State Parks Earnings Fund, as well as other moneys or property received by grant, gift, donation, or bequest specified for the enhancement of the Arrow Rock State Historic Site.

Confederate Memorial Park – Accounts for the income from investments acquired by gifts, donations, and bequests to be used for the maintenance of the Confederate Memorial Park.

State Public School – Accounts for all moneys, bonds, lands, and other properties belonging to or donated to the State for public school use in establishing and maintaining free public schools.

Smith Memorial Endowment Trust – Accounts for moneys bequeathed for the use and benefit of the Crippled Children's Service.

The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises.

Non-Major Enterprise Funds:

State Fair Fees – Accounts for the fairground admission fees used to improve the grounds and to pay the operating costs of the State Fair.

State Parks – Accounts for park concessions and contributions which are used to acquire and operate state parks.

Natural Resources Revolving Services – Accounts for moneys received from the delivery of services and the sale or resale of maps, plats, reports, studies, records, and other publications and documents.

Historic Preservation Revolving – Accounts for gifts, grants, and contributions used to acquire, preserve, restore, maintain, or operate any historical properties.

Missouri Veterans' Homes – Accounts for fees to provide services for persons confined to one of the veterans' homes.

State Agency for Surplus Property – Accounts for the surplus property operation.

Department of Revenue Information – Accounts for fees received by the Department of Revenue for publications and used to pay the costs of providing this information.

The Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the State on a cost-reimbursement basis.

Internal Service Funds:

Natural Resources Cost Allocation – Accounts for the administrative costs of the Department of Natural Resources.

Mental Health Interagency Payments – Accounts for moneys received through interagency agreements for services provided by other agencies.

State Facility Maintenance and Operation – Accounts for moneys collected from tenants for rent to cover the costs of operations in state-owned office buildings and institutions, charges to tenants in leased space to cover costs of real estate administrative services, and charges to capital improvement projects to cover the costs of project management services.

Office of Administration Revolving – Accounts for the following operations: printing services, flight operations, vehicle management, garage services, data processing and telecommunication services, building and grounds, insurance services, postage, and personnel administration.

Working Capital Revolving – Accounts for the operation of correctional industry programs and correctional farm programs.

General Government Revolving – Accounts for various service operations of the House of Representatives, Supreme Court, Adjutant General, Senate, Treasurer, and Department of Corrections.

Social Services Administrative Trust – Accounts for moneys transferred or paid to the Department of Social Services from any governmental entity or the public for goods and services provided.

Economic Development Administrative – Accounts for moneys collected for goods and services provided to other divisions and used to pay the cost of providing such services.

Professional Registration Fees – Accounts for moneys received from the professional boards for administrative services.

Conservation Employees' Insurance Plan – Accounts for health insurance coverage on a self-insured basis and life insurance coverage by a third party provider for Department of Conservation employees.

Transportation Self-Insurance Plan – Accounts for highway and highway patrol moneys used to pay workers' compensation claims. Moneys are also used to pay auto claims against the Department of Transportation.

Missouri State Employees' Insurance Plan – Accounts for long-term disability and death benefits provided on a self-insured basis for state employees.

Missouri Consolidated Health Care Plan – Accounts for medical care benefits provided on a self-insured basis for active state employees.

MoDOT and MSHP Medical and Life Insurance Plan – Accounts for the medical coverage provided on a self-insured basis and death benefits provided on an insured basis to Department of Transportation employees and members of the Missouri State Highway Patrol.

The Fiduciary Funds account for assets held by the State in a trustee or agent capacity.

Pension (and Other Employee Benefit) Trust Funds:

Missouri State Employees' Retirement System:

Missouri State Employees' Plan – Accounts for retirement, survivor, and disability benefits paid to employees of the State who are not covered under another state-sponsored retirement plan.

Judicial Plan – Accounts for retirement, survivor, and disability benefits to judges in the State of Missouri.

Missouri Department of Transportation and Highway Patrol Employees' Retirement System – Accounts for retirement, survivor, and disability benefits paid to Department of Transportation employees and members of the Missouri State Highway Patrol.

Missouri Consolidated Health Care Plan State Retiree Welfare Benefit Trust – Accounts for health and welfare benefits paid for the exclusive benefit of current and future retired employees of the State who are not covered under another state-sponsored other post-employment benefit plan.

Missouri State Public Employees' Deferred Compensation Incentive (IRC 401a) Plan – Accounts for retirement benefits paid to employees of the State.

Missouri State Public Employees' Deferred Compensation (IRC 457) Plan – Accounts for deposits from State employees, which are invested for the benefit of the employees until properly authorized to distribute.

Private-Purpose Trust Funds:

Alternative Care Trust – Accounts for all moneys received and spent by the Division of Family Services on behalf of children in their custody.

Johnson-Travis Memorial Trust – Accounts for all moneys, stocks, and securities given to the State by Miss Pansy Johnson or for the benefit of the Pansy Johnson-Travis Memorial State Gardens. Moneys will be used solely to establish, develop, and maintain the gardens.

Unclaimed Property – Accounts for moneys unpaid or unclaimed within one year after final settlement of any executor or administrator, assignee, sheriff or receiver and all unclaimed deposits, dividends, and interest of banks unable to locate the owners.

Agency Funds:

Social Security Contributions – Accounts for the receipt of contributions from various state funds for the State's share of social security contributions, which are due to the Federal Social Security Administration.

Missouri State Employees' Voluntary Life Insurance – Accounts for moneys withheld from employees' compensation for the contracts entered into with life insurance companies.

Program – Accounts for the receipt of various taxes, refundable deposits, and other moneys to be held until the State has the right or obligation to distribute them to various entities or individuals.

Institution – Accounts for deposits to various institutional accounts and other receipts held by the State until there is proper authorization to disburse them directly to others.

The Component Units account for all transactions relating to legally separate entities which, for reporting purposes, are a part of the State.

Non-Major Component Units:

Missouri Development Finance Board – Accounts for moneys from bond proceeds, gifts, and grants to make loans for industrial development.

Missouri Agricultural and Small Business Development Authority – Accounts for moneys from bond proceeds, gifts, and grants to make loans for property acquisitions/renovations and pollution control facilities.

Missouri Transportation Finance Corporation – Accounts for moneys from federal, state or local sources, and from bond proceeds to be used for projects approved by the Missouri Highways and Transportation Commission.

Missouri Wine and Grape Board – Accounts for moneys derived from the privilege of selling wine to be used for marketing development in developing programs for growing, selling, and marketing of grape products grown in Missouri.

The Statistical Section presentations include Financial Trends, Revenue Capacity, Debt Capacity, Demographic and Economic Information, and Operating Information trends. The statistical data presented is intended to provide report users with a broader understanding of the environment in which the State operates.

**STATE OF MISSOURI
STATISTICAL SECTION
June 30, 2012**

Index and Overview

This part of the State's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the State's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the State's financial performance and fiscal health have changed over time.

Net Assets by Component	151
Changes in Net Assets	152
Fund Balances – Governmental Funds	154
Changes in Fund Balances – Governmental Funds	156

Revenue Capacity

These schedules contain information to help the reader understand the State's capacity to raise revenues and the sources of those revenues.

Revenue Base – Taxable Sales by Industry.....	158
Revenue Base – Personal Income by Industry	159
Personal Income Tax Revenue	160
Personal Income Tax Rates.....	161
Revenue Payers by Industry	162
Personal Income Tax Filers/Liability	163

Debt Capacity

These schedules present information to help the reader understand and assess the State's levels of outstanding debt and the State's ability to issue additional debt in the future.

Ratios of Outstanding Debt	164
Pledged Revenue Coverage	166

Demographic and Economic Information

These schedules contain demographic and economic indicators to help the reader understand the environment within which the State's financial activities take place.

Demographic Indicators	167
Economic Indicators	168
Principal Employers.....	169

Operating Information

These schedules contain operating data to help the reader understand how the information in the State's financial report relates to the services it provides and the activities it performs.

State Employees by Function	170
Operating Indicators by Function.....	171
Capital Asset Statistics by Function	172

Sources: Unless otherwise noted, the information in these schedules is derived from the State of Missouri Comprehensive Annual Financial Report for the years shown.

N/A = not available

¹Revenues for Missouri Road Fund consist of a portion of the taxes and fees received by the State from the motor fuel tax, sales tax on motor vehicles, use tax on motor vehicles, revenue derived from motorists for their usage of the highways of the State, federal grants, and bond proceeds.

²Operating Expenses do not include depreciation/amortization.

³Coverage equals net available revenue divided by debt service.

*Previous fiscal year data was used since it was the most recent available.

**Received NCLB waiver from the federal government. No longer evaluating districts based on AYP.

***Number of Alcohol Arrests is zero due to a loss of grant funding to perform alcohol compliance buys.

****Total loans guaranteed during fiscal year 2012 was zero, as the authority to ensure loans ended June 30, 2010, due to the enactment of the Health Care and Education Affordability Reconciliation Act. However, the Department of Higher Education will continue to act as the US Department of Education's agent in fulfilling responsibilities relating to outstanding guarantees, which totaled \$2.7 billion as of June 30, 2012.
